

The Yun Family's Ninth Child is an Imp! Chapter 2744

When Yun Chujiu heard everyone running and talking about eggs, she couldn't help but feel puzzled. Eggs? Could it be that a demon beast had laid an egg? Did a demon beast need to be so sensational to lay an egg?

This fellow didn't dare to ask, because this fellow knew his own limits. Now that her reputation wasn't too good, it would be bad if she was chased out again.

Yun chujiu followed the crowd and ran all the way to the back mountain of the Wood Peak.

When Yun Chujiu arrived, there were already many disciples of the wood peak gathered there. Their goal was obviously a huge tree in front of them.

However, to be precise, it was a huge vine.

Yun Chujiu had read quite a few magazine articles in the Library of the primordial chaos sect. She had actually seen the introduction of this vine.

This vine was called "Thorn". That's right, there was only one word in its name.

It could be said that this name was very appropriate because the leaves of this vine were like sharp thorns. Moreover, there were barbs on the thorns. If it was within its attack range, it could be said that there was only a slim chance of survival.

The reason why everyone could be at ease and boldly surround that vine was because there was a formation barrier around the vine, so it had no way of attacking everyone.

Yun chujiu understood the purpose of their visit after some thought. The egg they were talking about should be the seed of this vine. The seed of this vine was very special. It was like an egg with a white shell on the outside and only a few dozen seeds inside.

The people of wood peak basically had wood-type spiritual roots. Their attack method was to accelerate the growth of the seeds and then attack. Therefore, they were naturally very interested in the seeds of this vine.

It was said that this vine only bloomed once every thousand years. Moreover, the flowering period was less than an hour. After the flower withered, it would directly bear the seeds.

This could also explain why the disciples of the Wood Peak rushed over. They were afraid that others would get there first and would not be able to snatch more seeds.

Yun chujiu discovered that these people also had their own way of standing. The inner disciples stood at the front, which was also the most advantageous position. Next were the outer disciples. As for the servants, they were already very far away from the vine.

Yun Chujiu was looking around when sect leader Ren of the wood peak arrived.

Behind sect leader Ren were a few elders of the wood peak and their core disciples. Qu Shanshan was standing beside a male disciple. It was probably her brother, Qu Quan.

Although qu Shanshan was an inner disciple, because of Qu quan, the other core disciples didn't say anything. After all, there were many seeds on the vines, so she wasn't alone.

Qu Shanshan's face was very proud. She felt that as long as she worked hard and had her brother's help to put in some good words, she might be able to become a successive disciple.

Just as Qu Shanshan was feeling proud, she glanced around and saw Yun chujiu in the crowd.

Qu Shanshan recalled Yun Chujiu's words that had humiliated her, and her eyes immediately flashed with anger, she pretended to be unintentional and said, "Brother, look, isn't that Yun Chujiu? Why is she here? She's not here to cause trouble, right?"

"Shanshan, don't talk nonsense. Junior Sister Yun is probably just curious and came to watch the show." Qu Quan had heard Qu Shanshan talking about how she was bullied by Yun Chujiu, therefore, he looked at Yun chujiu with a hostile gaze. However, he was much more shrewd than qu Shanshan.

"HMPH! Isn't the reason why she turned the self-reflection cave upside down because she's curious? In any case, she's a jinx," qu Shanshan said indignantly.

"What Jinx? It's just a coincidence!" Qu Quan raised his voice. It seemed like he was angry that Qu Shanshan had said something so rude, but he said it for mountain master Ren and the other elders to hear.
