

The Yun Family's Ninth Child is an Imp! Chapter 2745

The 'Thorn' was a major event that happened once every thousand years on the Wood Peak. Naturally, Mountain Master Ren did not want anything to go wrong.

Hence, after listening to Qu Quan's words, he turned his head and saw a certain Jiu who was trying her best to reduce her presence.

Mountain Master Ren frowned. Sometimes, it was better to believe in something than to not believe in something. Strange things happened frequently wherever Yun chujiu went. If she delayed the collection of the 'Thorn' seeds, things would not be good.

The "Thorn" seeds were different from other demon seeds. They had to be stored in the storage ring before they landed. Otherwise, they would instantly turn into powder. Therefore, no accidents were allowed.

Although Mountain Master Ren thought so, as the mountain master, he was too embarrassed to chase Yun Chujiu away. Therefore, he did not stop Qu Shanshan's words. He thought that it was possible to use her to chase Yun chujiu away.

When Qu Quan saw that mountain master Ren did not say anything, he understood a little. Therefore, when Qu Shanshan walked towards Yun Chujiu to pick a fight, he did not stop her.

"Hey, Yun Chujiu, did you not hear what I just said? Don't come and harm our Wood Peak, you jinx, get lost! If you delay our wood peak in collecting the eggs, you will be a great sinner of our Wood Peak!" Qu Shanshan was now much more confident than before, hence, her attitude became even more arrogant.

The reason why the people of wood peak called the "Thorn" seeds eggs was firstly because they were similar in shape. Secondly, they were afraid that if they said it, they would not be able to harvest the seeds. This was also a kind of psychological hint.

If it was in the past, Yun Chujiu would be very happy to play with this little B * TCH. Now, she could not be bothered with this little grasshopper.

She did not even glance at Qu Shanshan. Instead, she walked directly to Mountain Master Ren.

“Mountain Master Ren, I want to watch the show. You Won’t forbid it, right? It’s such a big event. After I watch it, I can return to the primordial chaos sect to show off, right?”Yun Chujiu said mischievously.

Although Mountain Master Ren was a hundred times unhappy, he was afraid that this fellow would go back to the primordial chaos sect to ridicule him. He could only say against his will, “Of course not. If you’re willing to watch it, then just watch it!”

Mountain Master Ren Thought for a moment before adding, “The position here is good. Just Stand by my side!”

The reason why Mountain Master Ren added this sentence was because he felt that Yun chujiu could not cause trouble under his nose. This way, he would be able to feel at ease.

Yun chujiu was not stupid. Naturally, she knew what mountain master Ren meant. She obediently stood by Mountain Master Ren’s side and watched as the flower buds on the thorns began to bloom.

Qu Shanshan was so angry that she stomped her feet. However, she did not dare to act rashly in front of Mountain Master Ren. She could only glare at Yun Chujiu’s back fiercely. In her heart, she hated Yun Chujiu to death.

Qu Quan did not expect Yun chujiu to say a few words and make mountain master Ren agree to let her stay. Moreover, she even occupied a good position. He was also very depressed.

Yun chujiu did not have the time to care whether they were depressed or not. At this moment, she was stunned by the beautiful scene in front of her.

The flower bud on the 'Thorn' seemed to bloom at the same time. There was a touch of red in the middle of the snow-white flower. It was holy and had a hint of charm. It was a rare beautiful scene.

The trees were full of flowers. TSK TSK, who would have thought that the flower bud that bloomed was actually the sinister 'thorn'? As expected, there were two sides to everything.

This guy could see some life enlightenment from the flower. He even felt that he was awesome.

This guy looked at it and exclaimed: "Eh? That Flower's heart is black? Is it a mutation?"
