

The Yun Family's Ninth Child is an Imp! Chapter 2751

The Fire Peak's Mountain Master Zhao couldn't help but laugh out loud. It wasn't like an old hen laid an egg, but this little girl's words were really interesting.

The 'spike' had brought Yun Chujiu into his dimension just now because it wanted to take revenge. Was it easy? It had taken hundreds of thousands of years to breed a black egg just to reproduce. Who would have thought that it would be eaten by this little girl? This was outrageous!

It felt that if it strangled Yun chujiu with vines, it would definitely be stopped by Mountain Master Ren and the others. Therefore, it planned to poison Yun Chujiu to death in its own space.

The water in the space of the 'Thorn' was not ordinary water. It contained the venom secreted by the 'Thorn'. It thought that Yun chujiu would be poisoned to death once she entered.

Who would have thought that not only was that little girl not poisoned to death, she even drank all the water in it. Moreover, this pervert was even prepared to use a talisman to blow up its own space.

"Thorn" was so scared that it was trembling. It had no choice but to release Yun Chujiu from its own space.

Now that it saw Yun chujiu asking it fiercely, it recalled Yun chujiu threatening it in its space. It could only wave its vines to express its response.

"Mountain Master Ren, did you see that? The B * Stard Thorn has already admitted it. It was to welcome me that it formed a black egg. This has nothing to do with your wood peak," Yun Chujiu said with a smile.

Mountain Master Ren wished he could slap her to death. Even a fool could see that that "Thorn" was clearly afraid of her, so it responded with compromise.

“Sect master, you are a sensible person. What do you think we should do about this matter?” Mountain Master Ren finally understood. He could not win against that Scoundrel Yun Chujiu, so it was better not to waste time.

Master Xiahou felt his head ache a little. Why did his brain cramp up and bring this scourge back? It was simply the most, the most, the stupidest decision he had ever made in his life.

Now that the matter was clear, Yun Chujiu had swallowed the black egg of the other wood peak. What else was there to say? She should just pay the compensation! This little girl just had to come up with a bunch of nonsense. It was really difficult to deal with.

Before Master Xiahou could say anything.., he heard Yun chujiu say, “Mountain Master Ren, forget it. Although it’s not all my fault, I can see that you’re already so old. It’s not easy, so I agree to compensate you! Should I not pursue the matter of giving you 300 million high-grade spirit stones?”

Everyone present was dumbfounded. Was this a tiger that didn’t eat meat but ate cabbages instead? How did this little scoundrel suddenly have a conscience?

Mountain Master Ren Thought for a moment. No matter what, he had to get the money first. Thus, he nodded his head and said, “That’s right. As long as you compensate our wood peak with 300 million high-grade spirit stones, this matter will be written off and we will not pursue it any further.”

Yun chujiu nodded her head and then asked sect master xiahou, “Master sect master, you heard it too, right? You have to help me testify. Otherwise, when the time comes, I will give the money to mountain master Ren and he will not admit to it anymore.”

Sect Master Xiahou could not wait for this matter to be over. He promised repeatedly that he would supervise mountain master Ren and Yun Yun.

Yun chujiu sighed, “Sigh, the human heart is hard to predict!” I just found a seed in my space. Mountain Master Ren, actually, if you are magnanimous enough to forgive me, I intend to give it to you. However,

if you insist on being calculative with me, then I will take this seed back to the primordial chaos sect and plant it!”

Everyone saw that Yun Chujiu was holding a shiny black seed in her hand.
