

## The Yun Family's Ninth Child is an Imp! Chapter 2772

After elder Zhu left the meeting hall, he immediately brought a few disciples to the lotus pond.

When it was almost midnight, elder Zhu found an excuse to dismiss the few disciples, then opened the array and went to the edge of the lotus pond.

Not long after, there was movement in the lotus pond. People wearing black masks and golden masks continuously swam ashore from inside.

One of the leaders, Jin Mian, curled his lips and said, "I thought we would have to go through a lot of trouble this time, but I didn't expect that Yun Chujiu has helped us a lot. If it weren't for you guarding here, we would have alerted others."

Elder Zhu sneered, "Humph!" Everyone said that Yun Chujiu was smart, but she was just a crazy girl who jumped up and down! "It just so happens that she has locked many people in the law enforcement office of the Golden Peak. When the time comes, we will chop the vegetables with a machete and directly kill all those people to avoid trouble."

The golden-masked man nodded his head in agreement. "Let's go. There is no time to lose. We will split into two groups. A part of us will stay here to guard the entrance of the underground river. If there is an accident, we can retreat at any time.

"We'll take down the water mountain with our men and use it as a base to coordinate with the people outside to destroy the murderous Yuan sect."

Elder Zhu nodded in agreement. He immediately led the golden-masked man and more than a thousand subordinates to the courtyard of Peak Master Mo. . To capture a thief, one must first capture the leader. After capturing peak master Mo, the rest of the people would be easier to deal with.

"Why is there not a single disciple on patrol on this road?" The golden-masked man asked in confusion.

Elder Zhu laughed sarcastically, "Of course, this is all thanks to that Yun Chujiu. Ever since she framed a few disciples who were on patrol to steal the Green Jade Lotus Root, no one was willing to stand guard at night. The peak master had no choice but to let the disciples stand guard at the outer perimeter, so we were unimpeded within the peak."

Although the golden-masked man felt a little strange, he was eager to make a contribution and did not think too much about it. He followed elder Zhu all the way to the outside of peak master Mo's courtyard and surrounded it completely.

The inside of the courtyard was pitch black. Elder Zhu and the golden-masked man looked at each other and the two of them joined hands to slap at the courtyard door.

The courtyard door fell to the ground with a loud bang, but no one came out of the house. Just as the two of them were puzzled, they saw lights suddenly lit up in all directions. At this time, they were already surrounded by thousands of people from the killing origin sect.

Elder Zhu looked around in disbelief. How, How was this possible?

The first thought in the golden-masked man's mind was that elder Zhu had betrayed them. He was so angry that he slapped elder Zhu. "You dare to betray Master? You're courting death!"

Elder Zhu cursed angrily, "When did I betray master? ! I don't even know what the hell is going on!"

Master Xiahou was not in the mood to listen to their dog-eat-dog fight. With a wave of his hand, the two sides engaged in a fierce battle.

Seeing that the situation was not good, the Jin Mian Man hurriedly sent a signal to the people outside, telling them to launch an attack from the outside and disperse the troops here.

However, after waiting for a long time, the people outside did not make any movements. He could only fight while retreating, intending to retreat to the Dark River.

The Jin Mian Man retreated to the surroundings of the lotus pond with great difficulty. He saw a team of people already waiting for him. The ground was filled with the corpses of his subordinates. It was obvious that they had all been killed.

Jin Mian's head buzzed. The situation was over!

With no other choice, he could only bite his index finger under the cover of his men and use a secret technique to escape.

Jin Mian managed to escape with great difficulty. He immediately contacted the people who were originally at the stone wall at the exit of the Dark River. There was no way to send out the sound transmission talisman. There was only one reason for this, and that was that those people had also been killed.

The golden-masked man finally had to face such a fact. Other than a few golden-masked men who had used a secret technique to escape like him, the rest of the people from the divine devil temple were either captured or killed, the grand sneak attack plan ended in failure, and it was a crushing defeat!
