

## The Yun Family's Ninth Child is an Imp! Chapter 2778

The odd-job workers found that among the ruins, only one courtyard was intact. At a glance, it turned out to be Yun Chujiu's courtyard.

At once, everyone thought that this was Yun Chujiu's fault again. These people did not cook or work anymore. They all went to the miscellaneous office to complain.

The manager of the miscellaneous office felt that he could not handle this matter, so he ran to the law enforcement office.

Manager Zhong's head was buzzing. He knew that once Yun Chujiu returned, his law enforcement department would not have a day of peace!

Thus, manager Zhong braced himself and brought a few law enforcement disciples to look for Yun Chujiu.

From Afar, he could hear the cries of the demon beasts. Well, the original dormitory area of the servants was now completely occupied by the Demon Beasts.

In fact, these low-level demon beasts did not pose any threat to the safety of the servants. It was just that these demon beasts were specially raised in the back mountain by the mixed origin sect, so the servants did not carry out any hunting.

The Hunyuan sect would raise these demon beasts in the back mountain because the demon beasts were more sensitive than humans in certain aspects and could be used as a warning. Moreover, the back mountain was very large. Raising some low-level demon beasts was also to maintain the ecological balance.

Manager Zhong led the law enforcement disciples through the encirclement of the demon beasts with great difficulty and saw Yun Chujiu eating her breakfast.

The crowd was furious. She had caused so much trouble, yet she was still eating and drinking there. It was really great!

“Yun Chujiu, what is going on? Why are these monsters gathering outside your courtyard?” Manager Zhong shouted sternly.

Yun chujiu spread her hands. “I also want to know. I guess they came to relieve my boredom because they saw that I was too bored.”

This fellow thought to herself that she was also very helpless. She had chased her away, but she couldn't chase her away!

What the hell!

Didn't she just refine pills for a while? Did she have to stay here and not leave?

“Nonsense! Nonsense!”

Manager Zhong saw that Yun Chujiu was like a dead pig that was not afraid of boiling water, so he didn't bother to talk nonsense with her. He ordered the law enforcement disciples and servants to drive away the monsters.

The beasts had originally planned to wait for Yun Chujiu to continue refining pills, but now that she didn't make any movements, and someone came to chase her away, they had no choice but to return to the back of the mountain reluctantly.

Manager Zhong also sent people to patrol the edge of the back of the mountain to prevent the beasts from coming out to cause trouble again.

Now, a very important question came, how to deal with the culprit?

Generally speaking, those who were identified as criminal suspects would have to defend themselves. A certain Jiu wished that she could be locked up in a hole of thought, so she completely ignored manager Zhong's question and acted as if she could do nothing to him.

Manager Zhong had no choice but to report it to elder Chu of the law enforcement department.

Elder Chu then rushed to find Master Baili and told him about the matter.

Master Baili felt that this was just a coincidence. After all, no matter how Evil Yun Chujiu was, she could not command so many demonic beasts.

However, this little girl was really a troublemaker. How could she cause trouble wherever she went?

Elder Chu said from the side, "Master, I think this little girl's personality is too naughty. We should temper her personality. Otherwise, she will cause trouble again."

Master Baili thought to himself, 'do you think I don't want to?'. He had already locked himself in the cave for three times, yet he didn't see any progress!

Putting everything else aside, if an ordinary Hunyuan sect disciple had gone to the killing Yuan sect for three months, they would definitely be tortured beyond recognition when they returned. But this person, she had almost turned the killing Yuan sect upside down!
