

The Yun Family's Ninth Child is an Imp! Chapter 2779

Elder Chu smiled. "Sect master, I know what you're worried about, but I have a way to temper her character."

"What Way?" Master Baili asked impatiently. He really couldn't do anything to Yun Chujiu now. Although that little girl had caused trouble repeatedly, it wasn't to the extent of being expelled from the sect.

"Sect master, other than the meditation cave, doesn't our primordial chaos sect also have the meditation cave? We can lock her in the meditation cave to temper her temperament. I reckon that when she comes out, she will be much more restrained," elder Chu said as he stroked his beard.

Master Baili's eyes instantly lit up. How could he have forgotten about the meditation cave!

The meditation cave wasn't a place to punish disciples. On the contrary, only disciples who were favored by the sect could enter it. The tranquil heart cave could make people feel calmer. This way, when they cultivated, they could get rid of distracting thoughts and avoid inner demons.

Since the tranquil heart cave could only accommodate three people at most, the competition among the disciples was very fierce. Generally speaking, only the successor disciples were qualified to enter.

"Good! Good! Elder Chu, tell manager Zhong to Lock Yun Chujiu in the Tranquil Heart Cave."

Master Baili finally let out a sigh of relief. No matter how bad-tempered a person was, after staying in the cave of Tranquility for a period of time, they would be much calmer. Therefore, after this Yun Chujiu came out of the cave, she would definitely be able to restrain her mischievous personality.

Elder Chu immediately informed manager Zhong of Master Baili's intention. Manager Zhong immediately read out the punishment decision in front of everyone.

Yun chujiu originally thought that she would be punished to go to the meditation cave, but she didn't expect that she would be brought into some meditation cave now. By the way, what was this meditation cave for?

This guy followed the principle of asking if he didn't understand, and asked manager zhong with a smile, "Manager Zhong, what is the meditation cave? It's the same as the meditation cave, is there any spiritual power attack inside?"

Manager zhong curled his lips, "Only disciples with good aptitude who are valued by the sect have the right to enter the meditation cave. As for you, Hehe."

Hehe, you big head!

Yun Chujiu was furious. wasn't it obvious that she was the only good-for-nothing? !

Manager Zhong immediately regretted after blabbering. This bad boy was someone who would seek revenge for the smallest grievance. It would be bad if he were to fly into a rage!

Thus, he quickly added, "The tranquil heart cave has the teachings of the previous sect master, and there are also tasks to temper one's mind. Therefore, the sect master has high hopes for you to be able to enter."

Yun chujiu pursed her lips. She did not think that old man Bai Li had high hopes for her. He was probably planning to lock her up and torture her.

The tranquil heart cave was an extremely boring place. If she stayed in there for a few months, wouldn't it take her little life? !

Huh? ! That was not right. Just now, manager Zhong did not say how long he would lock her up. Could it be that he was planning to lock her up for life? !

Yun chujia answered her question, manager zhong smiled and said, "There is no fixed time limit for the tranquil heart cave. As long as you pass the assessment inside, you can be teleported out immediately. Junior Sister Yun is so smart. I reckon she will be out in three months."

"Ah, so that's the case. So you mean that if I pass the assessment in three days, I can also be teleported out?"

The corner of manager Zhong's eyes twitched. He thought to himself, you really dare to say that? Three Days? With your character, you might not be able to come out even after three years!

Although manager Zhong was cursing in his heart, he said, "Of course, as long as junior sister Yun can pass the test, she can be teleported out."
