

The Yun Family's Ninth Child is an Imp! Chapter 2780

After hearing manager Zhong's words, Yun chujiu finally felt at ease.

Alright, this fellow had this kind of mysterious confidence. Didn't he just pass the test? It was a piece of cake!

Although the surrounding disciples were somewhat envious of Yun Chujiu being able to enter the tranquil Heart Cave, but once they thought that this fellow might be locked inside forever, their hearts instantly felt at ease.

It was said that the assessment inside the tranquil heart cave was very patient. This fellow would definitely not be able to come out without a year or so of time. He deserved it!

Yun chujiu waved her hand and said to Jin Zhi and ye bingyu, "Before your house is built, stay here with me."

This fellow actually felt a little guilty. Those demonic beasts did not wait for him to say anything and attacked him. As a result, Jin Zhi and ye Bingyu's courtyard was also turned into ruins.

Jin Zhi and ye Bingyu naturally gave her some instructions, but they were used to this guy being punished every few days, so they weren't too worried.

After Yun Chujiu gave her instructions, she was escorted to Jingxin Cave.

Yun Chujiu thought that Jingxin Cave was at the back of Tianji Peak, just like Siguo Cave. She didn't expect it to be at the back of Yaoguang Peak.

Since Yaoguang Peak was the furthest away from Tianshu Peak, disaster nine hadn't come to yaoguang peak yet.

The disciples of Yaoguang Peak were almost all out, all flocking to the side of Jingxin Cave to watch the show.

Most of them had the mentality of gossiping, while a small number of them were extremely unbalanced. These people were mostly inner disciples and some core disciples.

This Jingxin cave was a place where inner disciples and core disciples had to fight for a spot. Who would have thought that Yun Chujiu would be able to take advantage of it this time. It was really infuriating!

Yun Chujiu didn't care what they were thinking. She raised her head and took a look at the so-called tranquil Heart Cave.

Not to mention other things, the words "Tranquil Heart Cave" were written quite well. Cough Cough, at least it was better than what she wrote.

The disciple guarding Tranquil Heart Cave had already received Master Baili's notice. Therefore, he only asked a simple question. Then, he let Yun Chujiu stand in the middle of the teleportation array and sent her into the Tranquil Heart Cave.

When Yun Chujiu regained her sight, she found that she was already in a large cave.

There were two disciples who were meditating in the cave. When they saw Yun Chujiu enter, they only glanced at her and then continued to meditate.

Yun Chujiu saw that the two of them were wearing the clothes of true disciples. She thought to herself that manager Zhong really didn't lie to her. Those who entered this Jingxin cave were all disciples that were favored by the sects.

Yun chujiu looked at the two of them a few times and then began to look at this so-called cave of Tranquility.

There were words carved around the cave. The words written on them were nothing more than proverbs that would allow one to cultivate one's body and character. Yun chujiu scoffed at this. If one wanted to talk about reason, who could beat her? !

This fellow walked around and found that other than the words on the wall, there was nothing special. The spiritual energy inside was even denser than outside.

“Um, senior brothers, this is the first time we have met. Please take care of me. I Am Yun Chujiu, the handyman in the kitchen. How should I address you?”

These two had already been in the tranquil heart cave for almost two months. Moreover, they were usually engrossed in cultivation, so they had never heard of Yun Chujiu. Hearing Yun Chujiu's words, they were all stunned. The worst that could enter this tranquil heart cave was an inner sect disciple, how did a handyman like her get in?

When the two of them saw that Yun Chujiu was actually at the sixth level of the Ling Xuan realm, they were even more puzzled. Could it be that in the three months they had been here, the primordial chaos sect had undergone such a great change?
