

The Yun Family's Ninth Child is an Imp! Chapter 2785

Master Baili quickly sent a message to elder Jing, asking him to think of a way to appease Yun Chujiu, so that she wouldn't really blow up the Cave of Tranquility.

Soon, Yun Chujiu discovered that black bubbles began to appear in the bubbles floating in the air. However, compared to other colored bubbles, there were pitifully few black bubbles.

However, she also knew that she should stop now. If she continued to cause trouble, it would not end well.

Therefore, this guy put away the two baskets of talismans and said to the two people who were dumbstruck, "Why are you looking at me? Hurry up and catch the bubbles!"

An linchuan and Shangguan Hao nodded blankly. They seemed to understand why this guy was locked in the Cave of Tranquility..

Yun Chujiu jumped up. When she saw a black bubble, the bubble flew away with a whoosh. This guy thought that she must have been too careless!

So, she jumped up again. This time, the tip of her hand had already touched the black bubble. Unexpectedly, the bubble turned green and failed again.

This guy was so tired that he finally caught a bubble. Unexpectedly, he accidentally used too much force and burst..

This guy was so busy that his forehead was covered in sweat, but in the end, he didn't catch a single bubble.

An Linchuan and Shangguan Hao were in a better condition than her, and each of them caught two bubbles.

When the mission was over, a mission board appeared.

The number under an Linchuan's name was 162, and under Shangguan Hao's name was 168. The two of them were almost the same.

As for Yun Chujiu's name, there was only the pitiful one after it. Yes, it was a gift.

An Linchuan was afraid that Yun Chujiu would get angry, he quickly tried to persuade her, "Junior Sister Jiu, the first day is inevitably a little strange. We only caught it after getting used to it for a few days. After you catch it for a few days, you will slowly learn some skills. Don't be anxious."

"Yes, junior sister Jiu. Practice makes perfect. It will be fine slowly." Shangguan Hao also tried to persuade her.

Unexpectedly, Yun chujiu giggled. "You don't have to persuade me. It's just some broken bubbles, right? ! I just wanted to hide in this cave of Tranquility for a few days. When I went out, there was no one to play cards with me, so I deliberately didn't catch them."

An Linchuan:" ..."

Shangguan Hao:" ..."

Can you die if you don't Brag? Just Pretend!

Who was the one who jumped around and cursed for a long time because he didn't catch the black bubble?

Who was the one who was so angry that he burst the blue bubble because the black bubble he was about to catch had turned blue?

However, the meeting hall was filled with cheers and laughter, especially elder Jing, who had returned triumphantly. He was as proud as he could be, and he could finally take revenge for what he had done in the entrance exam!

Not only were there the least number of black bubbles, but after the bubbles turned black, their speed was twice as fast as the other bubbles. Did that little girl want to complete the mission? In her dreams!

Mountain Master Zhuo secretly curled his lips. ptui! She's already so old, and she's trying to compete with a little girl. How Shameless! Little Girl, Little Girl, aren't you full of bad ideas? Hurry up and think of a solution. The Snow Jade Silkworm of Tianji Peak is still waiting for you!

Master Baili finally let out a sigh of relief and said to the others, "The next mission will take several hours. If you guys are busy..."

Master Baili wanted to say, "If you guys have something to do, hurry up and do it. Don't waste time here."

He didn't expect everyone to say in unison, "Master, we are not busy. We are all very free."

Master Baili suddenly felt very tired. Why was he so tired? !
