

## The Yun Family's Ninth Child is an Imp! Chapter 2786

Master Baili looked at the crowd speechlessly. You guys really have nothing better to do!

However, since they all wanted to stay, it wasn't good for him to chase them away. Besides, he also wanted to see what kind of earth-shaking, earth-shattering behavior that bad news bag would do next.

At this time, inside the cave of Tranquility, the three of them once again set up a small table to play cards.

An Linchuan and Shangguan Hao originally thought that Yun Chujiu was pretending as if nothing had happened. In fact, she was very depressed. However, after a while, they realized that this guy really didn't take the matter of bubbles to heart. He was smiling brilliantly.

An Linchuan saw that this guy was smiling without any heart, he couldn't help but remind her, "Junior sister Jiu, are you really not worried about the matter of bubbles? You can only go out when you have accumulated a hundred pieces. I heard that there was once a senior brother who was locked up in this cave of Tranquility for more than a year before he went out."

"There are always more ways than difficulties. Isn't it useless to worry?" "If that's the case, what's the point of worrying so much?" "Let's play cards first. After the game is over, I'll think about it carefully. I'll definitely think of a good way to get twice the result with half the effort. Haha, Bombs!" "You guys lost again!"

An Linchuan was holding his breath. He kindly reminded her that she actually won again when they were distracted. He didn't believe that she could always lose after playing cards? Again!

Shangguan Hao's temperament was more stable than an Linchuan's. He asked with a smile, "Junior Sister Jiu, why were you locked in the Cave of Tranquility? I think you came in for a different reason than us."

Yun chujiu pouted. "Don't mention it. I don't know what's wrong with the sect master. Ever since I came back from the murderous Yuan sect, he has been targeting me everywhere, grounded and monitored!

"I don't know what happened last night. The demonic beasts at the back of Tianshu Peak destroyed the yard of the odd-job workers. He put the blame on my head. Do you think I'm Innocent?"

An Linchuan and Shangguan Hao were stunned. The murderous Yuan sect. Why did she go to the murderous Yuan sect all of a sudden?

When the two of them asked, Yun Chujiu told them about her heroic deeds. She told them about how she cheated the disciples of the murderous Yuan sect of 300 million spirit stones and almost blew up their self-reflection cave.., she also told them about how she saved the murderous origin sect while stealing the green jade lotus root..

The cards in an Linchuan and Shangguan Hao's hands fell to the ground. Oh God, Master of the sect, what are you thinking? Are you sure that you are not messing with them by locking such a bad bag with them?

They were still anxious for this little girl, worried that she would get angry because she could not catch the bubbles. With such a bad bag, no one would be willing to let her go out and harm others, right?

However, an Linchuan was not a person who kept to himself. Otherwise, his father would not have sent him to the cave of Tranquility. He thought that this little girl was really interesting.

Therefore, the two of them had the same taste and began to exchange all kinds of tricks to trick others..

Shangguan Hao, who was at the side, felt very tired. With these two people around, how could he calm down? It would be good if he didn't feel troubled.

“Senior brother An, how often does this calm down mission come out? It Can’t be that it only comes out once a day, right? And from what I hear, there are two, three, four, five, six other missions besides mission one? How many missions are there in total?”Yun chujiu asked curiously.

An Linchuan stretched out a palm. “Five. Mission one is not the most abnormal. The missions after that are more and more abnormal. “There’s no pattern to this mission. However, there are basically two or three missions every day. I reckon that after we play for a while more, there will be missions.”
