

The Yun Family's Ninth Child is an Imp! Chapter 2787

After an Linchuan finished speaking, he looked at Yun Chujiu's expression. He thought that after hearing what he said, Yun Chujiu would definitely show a worried expression.

Who would have thought that the little girl in front of him would show an eager expression, she seemed to be impatient. "Really? That's great. Then I won't be bored anymore! I want to see how perverted the missions in this cave of Tranquility are. Will there be another one like me?"

An Linchuan:"..."

Shangguan Hao:"..."

Alright, you win! You're Crazy!

As the three of them were talking, they heard the mission notification, "The meditation mission will be activated immediately."

An linchuan said in surprise, "Why is it still mission one? Normally, the same mission will not appear twice a day."

Yun chujiu blinked her eyes. Maybe this mission was specifically targeted at her? However, there was always a way to solve it.

Soon, the mission officially began. Seven-colored bubbles appeared in the air again. To be exact, they were eight-colored bubbles because there were a few pitiful black bubbles occasionally.

Even though Yun Chujiu tried her best this time, she still couldn't catch a single black bubble.

A certain Jiu said nonchalantly before an Linchuan and Shangguan Hao could comfort her, "I'm just warming up. I'll catch at least ten or eight black bubbles the next time I start the mission!"

An Linchuan and Shangguan Hao didn't say a word. They thought to themselves, just keep bragging!

After about two hours, the meditation mission started again.

This time, Yun Chujiu still ended up so miserable that she didn't catch a single black bubble.

The atmosphere in the meeting hall was exceptionally joyous. Everyone felt extremely comfortable in their hearts. So what if the little girl was able to cause trouble? Wasn't she still tormented to the point of losing her temper?

As long as she did it a few more times, her short temper would definitely be worn down by quite a bit. After that, she would use the next task to continue polishing her temper. She believed that in the end, she would definitely be able to turn a rotten trick into a miracle and let this bad news bag rest a little in the future.

Mountain Master Zhuo silently cheered for a certain jiu in his heart. Little Girl, you have to work hard! You have to live up to your expectations! The Snow Jade Silkworm is still waiting for you!

Inside the Tranquil Heart Cave, an Linchuan carefully glanced at a certain jiu whose expression was gloomy. He thought to himself, didn't this fellow just say that he didn't take it to heart? Why did his expression change at this moment?

Just as he was thinking about it., he heard Yun chujiu gnashing her teeth and saying, "Damn it!! It's true that I can't tolerate it anymore. It's only the third time. He's just making fun of me! "I'm not playing cards anymore. I need to think of a countermeasure. I want to show the people behind me my power."

An Linchuan and Shangguan Hao looked at each other. Thinking of a countermeasure? Wasn't catching bubbles meant to calm one's mind and speed up? What other countermeasures could there be?

Yun chujiu began to pace back and forth in the Cave of Tranquility. The images of those bubbles flashed through her mind quickly. The crux of the problem now was that when the bubbles of various colors were mixed together, when catching the black bubbles.., the black bubbles were mixed within, and it was very difficult to catch them.

Moreover, these damn bubbles would change color, and the changes were irregular. They changed color randomly, so there was no way to predict which bubbles would turn black in the next moment.

If they were all black bubbles, why would she be worried? She had already caught dozens of them!

As she thought about it, her eyes lit up. She had it!

She stopped and walked to an Linchuan and Shangguan Hao's side. They were puzzled at first, then revealed a look of realization..
