

The Yun Family's Ninth Child is an Imp! Chapter 2793

Mountain master he was even more uncertain. However, he didn't want to lose, so he grinned. "Tch! What do you know? ! This little girl might be using some kind of surprise method to win."

Mountain master an pursed his lips. "Surprise method? What kind of surprise? Using a broken kitchen knife to win? What a joke."

Mountain master he's old face turned red from the rebuke, and he said casually, "Humph! What do you know? ! Maybe this little girl wants to learn sword cultivation and use her sword energy to force back those arrows!"

Mountain master an and the others were laughing so hard that they fell back. Elder Jing said from the side, "Is there something wrong with your head? Sword Energy? She's not a sword cultivator, how can she have sword energy? ! Besides, can that broken kitchen knife produce sword energy?"

Mountain master he was rendered speechless. He glared at Mountain Masster Zhuo, meaning, why don't you help?

Mountain Masster Zhuo thought to himself, 'that's nonsense. How can you ask him to help??' 'could it be that this little girl can really use her sword aura??' 'that's impossible!'

While they were arguing, yun chujiu had already practiced the chicken slaughtering swordsmanship once. An Linchuan and Shangguan Hao didn't dare to disturb her. They thought to themselves, 'this junior sister Jiu is most likely a demon. It's better to wait and see first.'

At this moment, the second meditation task was officially activated. Countless arrows shot towards Yun chujiu. An Linchuan closed his eyes. Although it did not cause much damage, the sight of him being shot like a hedgehog was still too horrible to look at.

The image of Yun Chujiu being shot like a hedgehog appeared in his mind. He heard Shangguan Hao beside him exclaim, "Sword Intent!"

An Linchuan thought to himself, it's over. Even senior brother Shangguan has become a demon! Sword intent? Unless he saw a ghost, there would be no sword intent!

However, he still opened his eyes and saw that although there were many arrows shooting towards Yun chujiu, they all fell about three feet away from Yun Chujiu's body.

An Linchuan got up and rubbed his eyes. Then, he asked Shangguan Hao, who was dumbstruck, "She, she, this, this is really sword intent? Isn't junior sister Jiu a spirit cultivator?"

Shangguan Hao said with a stiff face, "And, and she doesn't have sword qi, but that is indeed sword intent."

The two felt as if they had stayed in this tranquil heart cave for more than two months, and the immortal essence continent had become unrecognizable! Oh God, since when could spirit cultivators comprehend sword intent?

And it was without sword qi? Besides, what kind of "Chicken slaughtering sword technique" did junior sister jiu use? Why did it look like she was randomly dancing? How could she release sword intent like this? What the hell!

The two of them were shocked. It was as quiet as death in the meeting hall.

Even mountain master he, who was originally shouting that Yun Chujiu would release sword Qi, was dumbfounded. He was really just casually saying it! He did not expect the little girl to give him such a big surprise. What Nonsense Sword Qi? She did not care about it, but she directly released sword intent!

What did sword intent represent? Even a sword cultivator who had many years of experience might not be able to comprehend sword intent! He did not expect that this little girl would casually use a broken kitchen knife to make a few gestures, and sword intent would be released. Hahaha, it was great! This is so satisfying!

After mountain master he regained his senses, his grin was so wide that it seemed like he was going to fly into the sky!

“Haha, Haha, How Is It? I was afraid of scaring you guys just now, so I only said that she could release her sword Qi. Did you see that? Sword intent! Does Sword Intent Know? Not to mention these illusory arrows, even if it were real arrows, they wouldn’t be able to hurt her in the slightest! Say, are you guys convinced?”
