

The Yun Family's Ninth Child is an Imp! Chapter 2803

Everyone found a small table, three small horses, and some scattered cards in the ruins of the Tranquil Heart Cave.

Mountain master an and mountain master Shen wailed loudly. It was as if they could still see the three of them playing cards in front of their eyes. The two rascals even had this note stuck on their foreheads. Who would have thought that the yin and yang would be separated forever!

Mountain master an and the others dug hundreds of feet deep as if they had gone mad. Unfortunately, other than some stones from the meditation cave, they did not find anything. Everyone had no choice but to accept the fact that the three of them were dead.

The disciples guarding the meditation cave were naturally punished by the sect rules, but what could they do? The three lively people lost their lives just like that.

For a moment, the entire primordial chaos sect fell into a deathly silence.

The speed at which cultivators built houses was very fast. In just three days, the destroyed houses of the primordial chaos sect were once again erected. It seemed that apart from the death of the Scourge, there was no difference.

The primordial murder sect was not far from the primordial chaos sect, so they were unable to escape this calamity and suffered heavy losses. When Master Xiahou heard that Yun Chujiu was dead, he specially rushed over.

Master Baili told him what had happened. It was rare that Master Xiahou did not argue with him. Although that little girl had turned the primordial murder sect upside down, she had also saved the primordial murder sect once. Moreover, she had not made any major mistakes, it was just a small matter that did not cause any harm.

He did not expect that she would die just like that. He felt a little uncomfortable in his heart.

“Are you sure that he is dead? Didn’t you say that the body was not found?” Master Xiahou asked in a low voice.

“I can’t contact him whether it’s his identity jade token or the voice transmission talisman. There was a crack in the Tranquil Heart Cave, and the Earth Qi was surging. Most likely, he was injured by the Earth Qi and fell into the crack. Now, the crack has closed. Even if he didn’t die at that time, he is now, alas, dead.” Master Baili let out a long sigh.

Master Baili and Master Xiahou both sighed. They didn’t expect that the first time they spoke calmly was because of the news of Yun Chujiu’s death.

“Achoo! Achoo! Someone must be scolding me again! Senior brothers, I don’t understand. Tell me, are the things I did so hateful? We are all missing, and they are still scolding me.” A certain jiu pouted and said.

“Junior sister Jiu, I don’t think you should think about how they are scolding you. Shouldn’t you think about how we can escape?” An Linchuan said with a speechless expression.

At this moment, the three of them were “Planted” in the sand like three mushrooms. There was a huge egg not far away from them. There were tiny cracks on it, and it looked like it was about to hatch.

“Sigh! “I also want to escape, but now, besides being able to talk, our bodies and spiritual power are restricted. I Can’t do anything! “Fortunately, that big bastard wants to give us to that little bastard who is about to hatch as a reserve food. Otherwise, we would have died long ago!” Yun chujiu said weakly.

Thinking back, they didn’t know whether they were lucky or unlucky.

At that time, after they realized that the tranquil heart cave was trembling, the three of them realized that the Earth Dragon had turned around!

Yun chujiu knew that there was no time to waste. She was ready to take out a talisman to blow up the Tranquil Heart Cave. Unexpectedly, before she could take it out, a large crack appeared on the ground, and Earth Qi gushed out.

Fortunately, the three of them had a lot of defensive spiritual artifacts on them, which gave them a moment to catch their breath. Just as they were about to exit through the opening of the Tranquil Heart Cave, a white light suddenly flashed, and the three of them instantly fainted.

When the three of them regained their consciousness, they found that they had been planted in the sand like mushrooms. An incomparably huge turtle was staring at them from not far away..
