

## The Yun Family's Ninth Child is an Imp! Chapter 2811

"Let's stabilize our bodies first, and then we'll make a long-term plan," Shangguan Hao said to the two of them.

Therefore, the three of them cut three holes in the fish meat, and the three of them temporarily settled down.

Even though the three of them were tormenting themselves, the sky-swallowing whale was too big, so they were only slightly uncomfortable and didn't affect it much.

Yun chujiu cut a piece of fish meat with the big kitchen knife and said, "No matter what, we don't lack fish meat anymore! Moreover, it's fresh enough!"

An Linchuan and Shangguan Hao were speechless. At this time, this guy still wanted to eat!

"Junior sister little jiu, since there's no good way, let's start cutting! Anyway, it's just a waste of time. At most, we'll be out in half a month." Shangguan Hao took out his sword and said as he cut.

"Don't worry, I seem to have thought of an idea! I want this sky-swallowing whale to let us out voluntarily." Yun chujiu blinked her eyes and said.

“What Idea? Since it has done everything it can to eat us, how can it let us go?”Shangguan Hao felt that Yun Chujiu was bragging again.

Yun chujiu smiled and then used her spiritual power to shout loudly, “Hey! Big Fish, how about we talk?”

An Linchuan and Shangguan Hao looked at each other. How could the sky-devouring whale talk to her? !

“Big Fish, let me tell you! Don’t think that you have the upper hand just because we are in your stomach. If you irritate us, we will cut you open! “This is nothing. I have a lot of poison on me. Do you think it will be easy for me to poison you to death?”Yun chujiu continued to shout.

An Linchuan was stunned. Yes! We can use poison to kill it!

Shangguan Hao glared at him and said in a low voice, “How much poison does such a big sky-swallowing whale need to be effective?”? “Besides, what if it poisons us to death?”? “To say the least, if it dies and we don’t escape in time, we might be eaten by other sea beasts. By then, we will be out of the Wolf’s Den and into the tiger’s mouth.”.

An Linchuan was even more confused. “If that’s the case, why did junior sister little nine threaten to poison it?”

Shangguan Hao looked at him as if he was looking at an idiot. "Of course it's a Lie!"

At this moment., yun chujui continued to shout, "You've already eaten all three of us. It can be considered that you've had enough of your mouth! Why do you have to fight with US until both sides suffer? ! Now open your mouth and we'll crawl out of your mouth, and we'll all be happy ! If you agree, you can call out."

After a while, the sky-swallowing whale let out a roar, obviously agreeing with Yun Chujui's suggestion.

An Linchuan and Shangguan Hao were overjoyed. They didn't expect it to be so smooth.

However, Yun chujui whispered something to the two of them. The two of them were stunned and then nodded.

Then, yun chujui shouted, "Big fish, we are going to crawl towards your mouth. Don't have the bad idea of flushing us down with water. We have our own ways to deal with you."

The sky-swallowing whale roared, indicating that it would not do that. The sky-swallowing whale's huge eyes were filled with viciousness. The three little ants were actually negotiating with it?

When they climbed into its mouth, it would bite them to pieces so that they would not turn into demons in its body.

This was the reason why it agreed to Yun Chujiu's opinion. Otherwise, it was not stupid. Why would it be threatened by the three little ants? !
