

The Yun Family's Ninth Child is an Imp! Chapter 2813

An linchuan shouted and shouted to attract the attention of the sky-devouring whale. Shangguan Hao fired several wind blades at the whale.

This was because the sky-devouring whale was too big of a target. Even with the dye blocking their vision, Shangguan Hao and Yun Chujiu could easily find its position.

The sky-devouring whale was trying its best to chase after an Linchuan when it suddenly felt that its body was attacked by the wind blades. Although it did not cause any harm to it, the sky-devouring whale still shot several water arrows in Shangguan Hao's direction.

After Shangguan Hao shot the wind blades, he followed Yun Chujiu's instructions and sank a long time ago, so the water arrows didn't hurt him.

Just as the sky-devouring whale was about to dive down to chase after Shangguan Hao, an linchuan in front shouted, "Stupid fish, why aren't you chasing me anymore? Come and Chase Me!"

The sky-devouring whale roared angrily and simply left Shangguan Hao behind to chase after an Linchuan.

When it was about to catch up to an Linchuan, an linchuan would sprinkle the dye, and Shangguan Hao would launch a sneak attack..

After repeating this a few times, the sky-swallowing whale was completely enraged!

It decided to eat the human ant that sprinkled the dye first, and then deal with the person who launched a sneak attack on it.

However, there seemed to be something wrong?

An Linchuan, who was in front of it, began to provoke it again. The sky-swallowing whale did not have time to think carefully and chased after it.

An Linchuan did the same thing again. He sprinkled another jar of dye and swam forward desperately.

The sky-devouring whale opened its big mouth and was about to suck an linchuan into its mouth when it vaguely saw a group of piglets charging at it.

The sky-devouring whale was so shocked that it even forgot to close its mouth.

A spiritual beast that turned into piglets? There was such a useless spiritual beast among humans?

While it was in a daze, several purple lightning bolts sneakily flew towards its eyes and nostrils..

Roar! Roar! Roar!

The sky-swallowing whale let out a shrill cry. How could Yun Chujiu let go of such a good opportunity? She kept shooting purple lightning bolts.

Moreover, the piglets did not stay idle. They scrambled to pounce on the sky-swallowing whale's eyes and took a bite.

The biggest weakness of the sky-swallowing whale was its eyes. Now that it had suffered a serious injury, it had basically lost half of its fighting strength.

Yun Chujiu and Shangguan Hao stepped up their attacks. An Linchuan had a fire spiritual root, so he couldn't do anything even if he was anxious.

Yun Chujiu shouted at him, "Senior brother An, use your sword to poke its anus!"

An Linchuan: "..."

You Can't Bully Me Like This!

If you don't want me to be bait, you'll have to poke the anus of the sky-swallowing whale. Junior sister Xiao Jiu, do you know that you'll lose him like this?

The three of them fought with the sky-swallowing whale for more than six hours. The whale tried to escape midway, but it was blind and couldn't get rid of Yun Chujiu and the other two. In the end, it reluctantly took its last breath.

Before it died, it finally remembered that something was wrong. It had forgotten about that treacherous little girl. It turned out that she had been waiting for it to lose its footing in anger so that she could launch a sneak attack..

Yun chujiu put the body of the sky-swallowing whale into her storage ring and said, "The smell of blood here will attract other demonic beasts. Let's retreat quickly!"

The three of them floated to the surface of the water. Yun chujiu called out the big ship. After the three of them boarded the ship, they moved forward at full speed.

“Eh? Junior Sister Jiu, wasn’t that spiritual ship destroyed by the sky-swallowing whale just now? Where did you get another one?” An Linchuan asked curiously.

“There’s plenty of this damn thing! I’m so poor that I only have money left!” A certain Jiu said smugly.

An linchuan said weakly, “Junior sister an Linchuan, since you don’t lack money, then can you exempt the money for the water-repellent bead?”
