

The Yun Family's Ninth Child is an Imp! Chapter 2814

Yun chujiu glanced at an Linchuan. "Senior brother An, I had already forgotten about this matter! You have reminded me, are you going to pay now or write an IOU?"

An Linchuan really wanted to slap himself twice, so that he would have to shut his mouth!

Of course, Yun Chujiu would not really want their spiritual stones. She only instructed the two of them not to tell anyone about the water repellent bead.

Of course, the two of them made a vow and agreed. An Linchuan felt that it was good to follow junior sister Jiu. Not only could they have a good fortune, but they could also give her treasures. Such a good thing was hard to find even if one tried to look for it.

This guy selectively forgot about being bait and poking his anus.

"Oh right, junior sister Jiu, Your Spirit Beast is... is it piglet? Isn't the high-level materialization technique only able to materialize one spiritual beast? "Could it be that you have learned the spirit power phantom technique, and those are all auxiliary beasts?" Shangguan Hao had wanted to ask for a long time, but he didn't find the opportunity at the moment.

Yun chujiu touched her nose. "Ahem, my spiritual beast is a little special..."

Before Yun Chujiu could finish her words, an Linchuan pointed to the distance in horror and said, "Another... Another Sea Beast has come!"

Yun chujiu stretched her neck and looked. Sure enough, there was a black dot rapidly approaching from the distance, and its speed was much faster than that of the sky-devouring whale.

The hearts of the three people sank. This sea beast was probably even higher in level than the sky-devouring whale. It was deadly!

The three people hurriedly sped up the speed of the spirit ship. However, no matter how fast it was, it was not as fast as the demon beast behind it. The closer they got, the bigger the black dot became..

Yun Chujiu was suddenly stunned!

Wait, wasn't that the Big Bastard? On its back was the little bastard who was obsessed with looks!

What was it doing here? Could it be that the big bastard interrogated the little bastard and knew that it was her who was behind this, so it came to deal with her?

“Father! Father!”The Little Bastard’s voice came from the spiritual sense.

Right, when she left, she did not have the time to cut off the spiritual sense connection. From the sound of it, it didn’t seem like she was here for revenge. Forget it, she couldn’t outrun the big bastard anyway. Let’s see what it came for.

Therefore, Yun Chujiu asked an Linchuan to stop the boat and then stood on the deck to wait for the savage dragon-headed turtle.

After the savage dragon-headed turtle swam closer, the little bastard couldn’t wait to jump onto Yun Chujiu’s deck. However, it clearly forgot that it was a bastard and not a toad. With a splash, it fell into the sea.

The corner of Yun Chujiu’s mouth twitched. It was rare to see such a stupid bastard! It was likely that the big bastard would have to worry about it in the future.

The little bastard floated up from the water and anxiously roared. The Big Bastard had no choice but to pick it up with its mouth and put it on the deck.

The little bastard happily hugged Yun chujiu’s leg and did not let go!

Yun chujiu saw the little bastard's behavior and basically guessed what had happened.

After they were sent thousands of miles away by the Big Bastard's spray, the little bastard would probably quit! The Big Bastard's heart ached for his son, so he chased after them.

But what did the big bastard want to do? Take them back to be the little bastard's nanny? HMPH! Don't even think about it! If she provoked him, she would take the little bastard as a hostage. She didn't believe that she wouldn't be able to defeat the big bastard.

"Master Turtle, why did you rush here in such a hurry? What's the matter?" Yun chujiu asked despite knowing the answer.

The Savage dragon-headed turtle roared a few times. Although Yun Chujiu did not understand it, she had a rough idea. "Ah, you mean that the son of the turtle can't bear to leave me? So You Brought It to chase me?"

The Savage dragon-headed turtle nodded and then roared a few times. It was full of helplessness and bitterness. Thinking about it, it made sense. After hatching for three years, the turtle's son finally hatched. Who would have thought that he would despise it at birth? Moreover, he even acknowledged the thief as his father and threatened to go on hunger strike. How was this a son? It was clearly an enemy!
