

## The Yun Family's Ninth Child is an Imp! Chapter 2815

"Master turtle, it's too tiring for us to communicate like this. Why don't we establish a spiritual connection? After the communication is over, we can cut off the spiritual connection!" Yun Chujiu said with a smile.

The Savage dragon-headed turtle thought for a moment and nodded in agreement. This was because it felt that its spiritual power was much higher than Yun Chujiu's, so it was not afraid that Yun Chujiu would play any tricks.

Thus, the man and the turtle established a spiritual connection.

"Little girl, don't think that this turtle doesn't know that you played tricks in my son's spiritual sense. This turtle is just worried about my son. Otherwise, I would have eaten you long ago!" The Savage dragon-headed turtle said angrily, it only reacted after Yun chujiu left.

He wanted to cut off the spiritual connection between the little bastard and Yun Chujiu, but the little bastard did not agree. Moreover, it refused to eat, so it clamored to find a beautiful father. This nearly angered the savage dragon-headed turtle to death.

In the end, the dragon-headed turtle could not bear to part with its son, so it hurriedly chased after them.

In fact, when Yun Chujiu and the others met the sky-devouring whale, the dragon-headed turtle had already been nearby.

However, it did not go forward to help. It felt that if Yun chujiu and the others were eaten by the sky-devouring whale, it would be fine. In any case, it was not the one who killed them, so the little bastard could not blame it.

It did not expect that after a series of struggles, these three human ants would actually kill the sky-devouring whale.

The Savage dragon-headed turtle was very shocked. It was really curious. How did these three weak humans kill the sky-devouring whale?

“How did you kill the sky-devouring whale?”The Savage dragon-headed turtle could not help but ask.

Yun Chujiu did not show it on the surface, but she cursed in her heart. It turned out that this big bastard had been watching the show from the side. It was probably trying to kill them with a borrowed knife. Since it asked, then she would scare it.

“Master turtle, to tell you the truth, although the spiritual power of the three of us is a little weak, we didn’t give it away for nothing. More importantly, we have brains. That sky-swallowing whale is so stupid that it’s almost home. Naturally, it’s not our match,”Yun Chujiu said pretentiously.

She didn't expect that her words would hit the nail on the head of the savage dragon-headed turtle.

Although it had cultivated to level 47, it had always felt that the greatest difference between demonic beasts and humans was their intelligence. There were too many twists and turns in the human brain!

Just like this little human girl, she was originally the reserve food that it had prepared for its son. Now, the turtle son had acknowledged her as his father. It was simply unbelievable!

It was no wonder that the turtle son despised it. It did not look good, and its brain was not bright. It really could not compare to this little human girl.

The more the savage dragon-headed tortoise thought about it, the more inferior it felt. Its head was about to shrink into its shell.

Yun Chujiu was dumbfounded. What was wrong with this big bastard?

After a long while, the savage dragon-headed tortoise finally gritted its teeth and said,

“Little girl, back then, I wanted to feed you to my son of the tortoise, and you also did a little trick in my son’s spiritual sense. We are even now. “Now, I will hand the son over to you. Swear that you will treat it as your own son, or else you will die a horrible death!”

Yun Chujiu was dumbfounded. Treat it as her own son? Even if she wanted to give birth, she couldn’t give birth to a little bastard? ! What was this big bastard doing? !

“I gave my son to you as a spiritual pet, and you are still hesitating? ! If you don’t swear, I would rather make the son sad and eat all of you!”The Savage dragon-headed turtle roared angrily.

Yun chujiu really wanted to shout at the savage dragon-headed turtle, damn it! ! It sounded nice, but this little bastard was as weak as a chick. What was the point of having such a spiritual pet? !
