

## The Yun Family's Ninth Child is an Imp! Chapter 2817

"Daddy! Daddy!" The little bastard hugged Yun Chujiu's leg and kept calling out, his voice carrying a hint of sadness.

"Bah! Now You know how to Miss Your Daddy? What did you do just now? ! You're a bastard who recognizes a thief as his father. Cough Cough, you little bastard who judges people by their appearance!" Yun Chujiu kicked the little bastard away in disgust, then, she rubbed her chin and pondered about the intentions of the savage dragon-headed turtle.

It didn't make sense. Just because the little bastard was crying, he gave the little bastard to her. This bastard was so shameless. Could it be that he saw that she had a bright future ahead of her?

This bastard decided that since he had already accepted it, he might as well forget about the reason. She said to the little bastard, "Little Bastard, take out the turtle shell that your father gave you. Let me have a look."

The little bastard blinked his eyes, and then a turtle shell the size of a washbasin fell onto the deck.

Yun Chujiu was dumbfounded. "Little Bastard, are you kidding me? It's so small. How are we supposed to hide in it when we're in Danger?"

A trace of pride flashed in the Little Bastard's small eyes. No one knew what it was mumbling about, but the turtle shell grew bigger and bigger until the entire deck could no longer hold it.

Yun chujiu quickly said, "Stop! Stop! I know it can grow bigger. You should put it away first! When it's in danger, you can release it."

To be honest, this bastard felt that it was better not to use it if it could. Putting aside the fact that this thing did not attract attention, the main reason was that it was too uncool!

When the time came, people would say that Yun Chujiu had shrunk back into the bastard's shell!

It sounded very demeaning, didn't it? !

Yun chujiu put the Little Bastard into the Spirit Beast Bag, and then saw an Linchuan and Shangguan Hao looking at her in a daze.

"Junior sister Xiao Jiu, am I dreaming? That Big Bastard ran all the way here just to give its son to you as a spirit pet? Is it sick?" An Linchuan said with a dumbfounded look.

Yun Chujiu curled her lips. "What's the use of that little bastard other than eating and drinking? If it wasn't for that bastard's shell, I wouldn't accept it no matter what."

An Linchuan and Shangguan Hao looked at each other. Just keep pretending! No matter how weak the little bastard was, it was still a cub of a level 47 Demon Beast. It would definitely become a good helper in time.

Yun chujiu saw the expressions of the two people and naturally guessed what they were thinking. She immediately felt stifled.

Each of her spiritual pets had a bigger background than the other, but each of them was more useless than the other. They were all F \* cking babies! It was not easy for her to take in a fire eating xiu, but she had eaten the wrong medicine!

In the next few days, just as the dragon-headed turtle of the wilderness had said, they did not encounter any high-level sea beasts. The sea beasts they occasionally encountered were mostly around level 40. Yun chujiu and Shangguan Hao worked together, it did not cause them any trouble.

The three of them finally relaxed a little. If the situation continued like this, they would definitely be able to reach the shore safely.

Unexpectedly, the calm sea surface suddenly became violent.

The big ship that the three of them were on was like a small leaf swaying in the wind. It was thrown up and down, and after a few twists and turns, it was overturned.

Yun chujie had no choice but to put the ship back into her storage ring. Then, she signaled Linchuan and Shangguang Hao to dive to the bottom of the sea to temporarily hide from the wind and waves.

As they dived deeper, the light became dimmer and dimmer. Yun chujie took out the luminous pearl to illuminate the area. The three of them realized that there was not even a single seaweed at the bottom of the sea. It was so barren that it made them a little nervous.

Not only was there no seagrass, there were not even any small fish or shrimp. It was as if they had entered a forbidden area of life. The three of them could not help but have a bad premonition..
