

The Yun Family's Ninth Child is an Imp! Chapter 2820

Yun chujiu curled her lips. "Me? You are too shameless! You are just a stinky fish, yet you call yourself me?"

The human-faced octopus snorted. "Little girl!"! When I was powerful, not to mention you, even your ancestors might not have existed. If it weren't for that, HMPH, do you think I would live in this low-level continent? ! Cut the crap and Die!"

As the human-faced octopus spoke, a few of its limbs flew towards Yun chujiu. Yun chujiu raised her large kitchen knife and slashed at the human-faced octopus's limbs.

The human-faced octopus had suffered a loss from the large kitchen knife and quickly retracted its limbs. It said in a flustered and exasperated manner, "Is that the Heaven Punisher Axe in Your Hand?"

"What I have is none of your business! It's your bad luck to meet me today. I Am the Nemesis of Your Divine Devil Hall. Sooner or later, I will kill that SH * t owner of yours!"Yun chujiu waved the large kitchen knife in her hand, suddenly, she felt extremely heroic.

"Humph! You Stupid Girl! Do you think that I will be afraid of you just because you have the Heaven Punisher Axe? !"As the human-faced octopus said that, it suddenly opened its mouth and countless black liquid sprayed towards Yun chujiu and the other two.

Yun chujiu was not worried about herself. She was afraid that an Linchuan and Shangguan Hao would be controlled again, so she shouted, "Put up the spiritual energy shield and hold your breath!"

In fact, even without Yun Chujiu's explanation, an Linchuan and Shangguan Hao knew how powerful the poison was. They had already put up the spiritual power shield. However, they didn't expect that the poison was so powerful that it could even corrode the spiritual power shield with a sizzling sound.

An Linchuan and Shangguan Hao had no choice but to keep releasing their spiritual power to ensure that the spiritual power shield could resist the corrosion of the poison.

"You stinky fish are so disgusting! You Spit at me whenever you want! Today, I will give you a roasted octopus!" Yun Chujiu said as she raised her right hand, and several bolts of lightning struck at the human-faced octopus.

The human-faced octopus twitched its mouth. Although it was afraid of lightning, such weak lightning would not cause it any harm, so it did not dodge.

How would it know that these bolts of lightning were just a diversion, and there were flames of the ten-thousand-year-old fire marrow hidden inside.

Hiss, hiss, hiss! After the human-faced octopus was burned by the ten-thousand-year-old fire marrow, it let out a hiss and screamed shrilly, "Ah, you, how did you get the ten-thousand-year-old fire marrow? !"

“Because I’m good-looking! Unlike You, I’m neither human nor fish! Didn’t you want to eat me? Pui! You Shameless Monster, I’ll burn you to death!” Yun chujiu waved her right hand repeatedly, the lightning and the flames kept attacking the human-faced octopus.

The human-faced octopus kept hissing and burning. Just when Yun Chujiu thought that victory was in sight, the human-faced octopus pressed down on a bulge on the wall, and the roof of the stone room opened to both sides, seawater surged in.

“Stupid girl, let’s see how you burn me this time!” The human-faced octopus said proudly.

Although the ten-thousand-year-old fire marrow was different from ordinary fire, it was still fire after all. Its effect in the water was greatly reduced, and its speed would also be much slower.

Yun chujiu had no choice but to continue swinging the kitchen knife to chop the human-faced Octopus’s limbs. However, her speed would be affected when she was in the water. Moreover, the human-faced octopus’ limbs were flying up and down, making it very difficult for her to cut them. She would not be able to gain any advantage at the moment.

Of course, the corresponding human-faced octopus would not be able to do anything to Yun Chujiu for the time being. As for an Linchuan and Shangguan Hao, they knew that they would not be able to help her if they stepped forward, so they moved far away, they didn’t want to become a burden if they were controlled by the human-faced octopus.
