

## The Yun Family's Ninth Child is an Imp! Chapter 2826

After hearing Yun Chujiu's words, san Jiaoyan maid smiled and said: "Your Highness, I have not seen the land of Chili, so also can not distinguish.". However, we don't like spicy food on the chessboard island, so this kind of chili is quite suitable for our taste."

Yun chujiu was surprised, really strange, before listening to the triangle-eyed maid, she should have seen cotton and silk, how come now San Jiaoyan? Did she realize that her words had been exposed, so she made up for it? Or was there another secret?

Yun chujiu asked along the way. She realized that there were more than fifty islands in the size of chessboard island, and each island had a different division of labor.

Some specialized in weaving clothes, some specialized in growing grains, some specialized in drying salt, and so on. Basically, they could meet all of the people's needs.

Along the way, the triangular-eyed maid answered Yun Chujiu's questions smoothly. Although her attitude was still respectful, there was a faint impatience in her eyes. "San Jiaoyan, why are you here?".

Yun chujiu raised her eyebrows and suddenly asked, "Why don't I see a Spirit Stone Mine? Where did you get your spirit stones?"

The triangular-eyed maid paused and was about to speak, Yun Chujiu continued, "Don't tell me that you don't have a spirit stone mine. If you don't have spirit stones, how do your formations work? How do those floating bridges control the movements?"

San Jiaoyan's eyes sparkled as she stammered, "This, this..."

Another tall maid quickly said, "Your Highness, there's a fruit forest over there. Let's go and take a look!"

Yun Chujiu knew that she wouldn't be able to get anything out of him. However, she didn't intend to get anything out of him. She was just testing him!

Therefore, she said, "A fruit forest? Sure, I'm very interested in spirit fruits."

San Jiaoyan's maid's eyes flashed with a hint of viciousness, however, she quickly changed into a respectful expression. "Your Highness, this way please. This spirit fruit forest mainly produces yellow honey fruits. They are the kind of spirit fruits that need to be skinned and eaten."

Yun Chujiu nodded. This kind of yellow honey fruit was unique to the chessboard island. The juice was plentiful and the taste was sweet. It was actually quite delicious.

When everyone arrived at the fruit forest, some islanders were picking yellow honey fruits. After seeing Yun Chujiu, they all knelt down and bowed.

Yun chujiu was about to let everyone stand up when she saw a little boy of eight or nine years old suddenly stand up and run to her. He knelt down and cried, "Your Highness, Please Save My Father! I beg you!"

"How dare you! How Dare You Disturb Your Highness! What are you waiting for? Hurry up and take him away!"The maid with San Jiaoyan shouted angrily.

Immediately, a guard went to drag the little boy. A woman ran over to protect the little boy, "Sir, please spare Liang! He is young and insensible. I beg you!"

"Stop! Do you listen to me or a maid?"Yun Chujiu said unhappily.

San Jiaoyan's maid quickly said, "Your Highness, you misunderstood. I'm just afraid that this child will disturb you. Besides, this child is born with a bad brain, so don't take what he said seriously."

"So his brain is bad. Then I won't listen to him.". "You won't kill this child because he offended me, right?"? If that's the case, I really have no interest in the goddess of the Chessboard Island."Yun Chujiu said with a faint smile.
