

The Yun Family's Ninth Child is an Imp! Chapter 2830

"Baby, What are you saying? ! I'm just saying, how can a little girl like her be as strong as you ?? ! Besides, why did I hide those spirit ores? Isn't it so that we can live comfortably when we're together in the future? !"

"HMPH! You have such a good mouth! Other than some tattered clothes, you've never given me anything valuable. Moreover, our chessboard island is hundreds of thousands of miles away from land, it's as difficult as climbing the heavens to escape.

If the High Priestess finds out, she will definitely kill us. "Besides, you can be considered as one person under ten thousand people. Why do you have to escape?" San Jiaoyan's maid said worriedly.

"What do you know? ! Nowadays, the spiritual stone mines at the bottom of the sea are becoming more and more difficult to mine. Almost half of those young and strong men have died. I reckon that in the end, the remaining old, young, women, and children will have to go down to mine.

"When they are all dead, we guards will also have to go down to mine the spiritual stone mines. When that time comes, how will we survive? ! "Let me tell you the truth. In the end, only the high priestess can survive here. The rest of the people will die sooner or later."

The maid with triangular eyes asked in disbelief, "This, this can't be, right? Why would the high priestess do this? If we slow down the mining speed, won't the casualties of the Islanders be reduced?"

“I’m not too sure about the specifics. Anyway, I think the high priestess wants to end this quickly. She has been planning for so many years, isn’t it all for that spiritual stone mine? “Alright, let’s not talk about these troublesome things. Come, let’s get closer...”

Yun chujiu frowned. The conversation between the two of them contained a lot of information. It seemed that this boss Li and the high priestess were not from Chessboard Island. They had been planning for many years, all for the spiritual stone mine at the bottom of the sea.

Then the problem came. Their spiritual power was obviously higher than the Islanders’. They could just take it by force. Why did they have to plan this for so many years before taking action?

Yun chujiu shook her head. Forget it. Let’s think of a way to escape the sacrifice tomorrow. A Life Sacrifice? So the reason why she was trapped was to use her to sacrifice the so-called sea god? What the hell!

It was a pity that he couldn’t use talismans here, or else he would be blasted to death!

It seemed that he couldn’t fight head-on, so he could only use his wits!

This guy cupped his chin and thought for a while, then snapped his fingers. That was what he was going to do!

This guy smiled sinisterly. Little Fellow, not only did she want to escape to heaven, but the spiritual stone mine at the bottom of the sea would also be hers sooner or later.

There was no other way. This was all the fault of that old priest! Tomorrow, he would have a taste of what it meant to lead a wolf into the house! What it meant to steal a chicken and end up eating rice! What it meant to throw a stone at your own feet! What it meant to lose a wife and lose a soldier!

The Little Black Bird in the spiritual beast bag had no strength to complain. This black-hearted master was becoming more and more willing to talk big!

Yun chujiu did not tell an Linchuan and Shangguan Hao about the situation that she had overheard, because if she told them, it would not be good if they were to be exposed.

The next morning, Yun Chujiu woke up early in the morning and was served with a bath and a change of clothes. The clothes she was wearing were the so-called heaven's maid attire, and there was a phoenix jade hairpin in her hair.

A certain jiu looked at herself in the mirror and felt very satisfied.

Shangguan Hao and an Linchuan also changed into the so-called husband-in-law's clothes. The two of them were very handsome, which made the maids look at them shyly.

“Little, Your Highness, you look really good in this way.” An Linchuan swallowed back the question that almost came out of his mouth.
