

## The Yun Family's Ninth Child is an Imp! Chapter 2834

To catch a thief, one must first catch the leader. Yun chujiu first rushed towards the priest.

“Old Thing! You want to set me up? In Your Dreams!” Yun Chujiu said as she shot out several bolts of lightning towards the old man.

“Heavenly Thunder Spirit Root? You, you are Yun Chujiu? ! You, why are you in the Sea of setting sun?” The old man said in shock.

Yun chujiu was shocked. Oh My God, was she already so famous? Even people who were far away on the Sunset Island knew of her famous name?

However, this guy rolled his eyes and understood a little. He sneered, “So you are the lackey of the Divine Devil Hall. No wonder you would do such an inhumane thing!”

“Humph! Stupid girl, don't be so proud! Do you think these motley people can win? ! I didn't kill them before because I wanted to keep them for mining! As for you, you are just here to help me show my loyalty to my master!”

As the priest spoke, he formed a seal with his hands and a huge spiritual energy python pounced towards Yun Chujiu. Beside the huge spiritual energy python, there were two smaller spiritual energy venomous snakes that also pounced towards Yun Chujiu.

“Yo, not bad, you actually have two support beasts, that’s pretty impressive! However, I have twenty support spiritual beasts, I’ll scare you to death!”

As Yun Chujiu spoke, she released a group of spiritual energy piglets. Not only that, this fellow even brought out Xiao Mogu, Xiao Hong, and Xiao Hei, she said smugly, “Let’s see if your spiritual power beast is stronger or my dumb meng is stronger. Go and kill him!”

The reason why this bastard did not release Xiao Heiniaoyao was because it was forbidden to fly here. Even the spiritual butterflies and spiritual bees could only fly up to a height of ten feet from the ground.

As for the cat cub, it was too weak. Unless it was absolutely necessary, Yun chujiu would not release it.

Not to mention the handsome bastard, he would be beaten up if he was released!

Xiao Hong howled and the priestess could not help but be absent-minded for a moment.

As this place was filled with sand, Xiao Mogu and Xiao Hei were like fish in water.

Taking advantage of the moment when the priestess was absent-minded, Xiao Mogu buried its body in the sand and the mycelium firmly wrapped around the priestess' waist. Xiao Hei dug a big hole under the priest's feet and dragged one of his feet inside.

Hei xinjiu naturally would not let go of this once-in-a-lifetime opportunity. As the spiritual piglet was dealing with the priest's spiritual beasts, she fired several spiritual needles at the priest.

The priest wanted to dodge, but his waist and right foot were controlled, so he had to use his spiritual energy shield to block Yun Chujiu's spiritual needles.

The purple needles exploded one after another, but because the priest had the spiritual energy shield to block them, there was no damage.

The priest also cut off the mycelium of Xiao Mogu and got rid of Xiao Hei's rat claws.

"Stupid girl, I didn't expect you to have some ability. However, these are just small tricks, give up your life!"The priest said and fired his spiritual beast at Yun Chujiu again.

The two sides exchanged blows, and they were in a stalemate.

Yun chujiu squinted her eyes. Damn it, if only she could use the talisman, why would she need to go through so much trouble? !

At this moment, Yun Chujiu's piglets of spiritual power faded, and the purple piglets that she hadn't seen for a long time appeared.

Because the purple piglets had a disagreement with the name of a certain jiu, they rarely came out. Yun Chujiu hadn't seen this fellow for a long time, and she didn't know if this fellow had improved as her spiritual power increased.

"Da Hua! Attack! Master, I'm counting on you today!" Yun chujiu shouted excitedly.
