

## The Yun Family's Ninth Child is an Imp! Chapter 2838

An Linchuan almost spat out the tea in his mouth. Can you be any more shameless? What's the difference between this and an open robbery?

The few clan leaders were also dumbfounded. Could it be that they had just chased away a wolf and welcomed another tiger?

"Elders, please don't misunderstand. I'm different from that priest bastard. He's just taking advantage of others. This is a fair trade. "You can choose whether you want to buy or not. If you feel that you don't need me, then I'll leave right now. I definitely won't say anything else." Yun Chujiu said with a smile.

Although the few clan leaders felt a little uncomfortable in their hearts, but after thinking about it, it made sense. What right did he have to help them for no reason? Moreover, he had already saved them once, so it was only right for him to pay a little reward.

"Your Highness, how many Spirit Stones do you want?" A clan leader asked.

Although Yun Chujiu said that she was not a goddess, the islanders still did not change their words.

Yun chujiu rubbed her hands. "I can't estimate the exact amount. How about this, I'll help you guys mine all the spirit stones, and then we'll split it fifty-fifty, fifty-fifty for each family."

There were two reasons for leaving after mining the spirit stones. One was that once the spirit stones were completely mined, Chessboard Island would sink. In that case, even if the Divine Devil Hall sent people over again, they might not be able to find it.

“Also, if we split the spirit stones from the Spirit Stones, you guys will have the capital to settle down on land.”

The few clan leaders looked at each other and thought to themselves, this little girl is really greedy! She actually wants half?

“Your Highness, isn’t this half a bit too much? Moreover, because talismans can not be used here, the mining speed is very slow. If we want to completely mine the spirit stone mine, it will be difficult to complete it without several decades!”

“Half a bit too much?” “I didn’t take this half for free. I want to spend money to hire labor to help mine the spiritual stone mine.” “Why don’t you guys share thirty percent with me? You guys think of a way to mine the spiritual stone mine in half a month.” Yun chujia crossed her legs and looked like she did whatever she wanted.

The few clan leaders looked at this scoundrel and were dumbfounded. However, after thinking about it, they really couldn’t mine the spiritual stone mine in half a month. But this little girl, did she have a way? Did she want to spend money to hire labor? Where could she hire labor?

The few clan leaders raised their questions. Yun chujiu curled her lips and said, “You don’t have to worry about this. I have my own way! If you agree, we will sign the contract and have a restriction on both of us.

As for your future days, I suggest that you stay far away from the sunset sea and find an island by another sea to settle down. Then, you can live on land bit by bit.

“It’s just a business. Anyway, you don’t lack spirit stones. You can just start fishing at the beginning. When you get used to the land, you can buy land and land.

“As for how to get to the land, I’ll be in charge. You can let the Islanders pack their bags now. When the Spirit Stone mine is finished, we’ll leave here.”

Seeing that Yun Chujiu’s words were reasonable, the clan leaders decided to sign a contract with her even though they felt that the labor issue was a bit unreliable. After all, they had no one else to rely on.

After the few clan leaders left, an Linchuan came up to her. “Junior Sister Little Jiu, where are you going to find labor? Are you trying to trick those old men?”
