

The Yun Family's Ninth Child is an Imp! Chapter 284

Di Beiming's face darkened. "You can have food and drinks, but Spirit Stones are out of the question!"

Yun Chujiu curled her lips. 'What a stingy gigolo! I'll earn it myself! HMPH!'

After breakfast the next day, Di Beiming left.

Yun Chujiu secretly thought to herself, what an unromantic gigolo. He actually left without even giving her a goodbye kiss! Bad review for him!

Yun Chujiu first looked at the little black bird in the spirit beast pouch. The little black bird could be considered a blessing in disguise. Since it helped Yun Chujiu resist the heavenly thunder, it actually went into hibernation again. When this hibernation ended, it would definitely advance again.

Yun Chujiu thought of the trial that was about to begin and felt that she should prepare for it.

Hence, the big kitchen and the spirit herb garden suffered a huge loss!

Yun Chujiu first went to the kitchen to search for a lot of food, and then she took a few packets of chili powder, pepper, salt, and the likes! It was different from the previous 'borrowing'. This time, she wanted it openly.

Elder Huang was very satisfied with Yun Chujiu by then, so he naturally would not be reluctant to give up those little things and let Yun Chujiu choose what she needed herself.

After Yun Chujiu packed the things, she ran to the spirit herb garden again and planned to 'gather the wool'.

Coincidentally, Elder Qi was in seclusion to refine pills. Yun Chujiu was overjoyed. 'Haha, the Heavens are really helping me!'

'Since the trial would take a month, even if Elder Qi came out and found out that I 'borrowed' medicinal herbs and wanted to punish me, there was nothing he could do. Moreover, when that time comes, I'll be Little Ancestor Yun, and he won't dare to do anything to me!'

Hence, this would be considered an important event for her!

After filling up five sacks of spirit herbs, she valiantly entered the alchemy room.

"Manager Gao, hurry up and open an alchemy room for me. I want to refine pills."

Manager Gao saw that Yun Chujiu had come again, so he could only give the jade token of Alchemy Room No. 28 to her with a bitter face.

"Don't worry! Didn't I not release any poisonous fumes last time? I won't do it this time either! Don't be afraid!" Yun Chujiu smiled mischievously as she took the jade token and walked away.

Manager Gao looked at Yun Chujiu's bouncing silhouette and sighed. It turned out that this person could choke them to such an extent even without spiritual power. Now that she had spiritual power, she might not be able to produce an array of terrifying poisonous smoke! It was better for him to inform everyone.

Manager Gao told them that Yun Chujiu was there to refine pills again. An outer court disciple said, "That's not right. Isn't the new disciple trial tomorrow? Why did Yun Chujiu come here to refine pills? Could it be that she doesn't want to participate in the trial anymore?"

"HMPH! Although she can cultivate now, she's only at the fourth level of the Spirit Enhancement Realm. Compared to others, she's still a piece of cake. She probably knew that she would be at the bottom even

if she went, so she begged the higher-ups not to go! Perhaps it was Elder Qi who helped to plead for her!”

“What you said makes sense! Elder Qi thinks highly of Yun Chujiu. Otherwise, he wouldn’t have asked her to help take care of the spirit herb garden. Even senior brother Ding Lang isn’t allowed to enter the garden!”

...

Ding Lang’s face immediately darkened. It turned out that Yun Chujiu did not have any spiritual power, and yet his master thought so highly of her. Now that she had spiritual power, would she not be even more favored? Perhaps his master would take her in as a successor disciple! This damned girl should not stay. He must get rid of her once there was a chance!

Time flew by, and soon it was two o’clock on the second day.

Many people had already gathered on the Southern Jade Square. The vast majority of them were new outer sect disciples and odd-job workers.

Master Xuanyuan spoke as usual and announced that Elder Xiao and Elder Qu would be in charge of leading the team for this trial. Then, he let everyone board the airship and head to the trial grounds.

Just as everyone had boarded the airship and was about to set off, a chopping board flew over from the sky. On it stood a little girl who was desperately waving the scarlet silk in her hand. “Wait! Wait for me! I’m coming!”
