

The Yun Family's Ninth Child is an Imp! Chapter 2856

Yun Chujiu had da hua use her huge body to block the other fire seals. Lie Yan smiled darkly as she swam towards a single fire seal.

The fire seal immediately had an ominous premonition. However, when it thought about it, what was there to be afraid of about a little girl at the sixth level of the Ling Xuan Realm? Burn her to death!

Yes, a certain jiu used the truth to tell lie Yan that she couldn't be burned to death! The more she burned, the happier she became! She was a pervert!

Lie Yan had yet to recover from the shock of being burned to death when a certain Jiu threw out several ice-condensing talismans. A certain Jiu then easily signed a temporary contract with Lie Yan.

Island master Kang and the others were stretching their necks to look at lie Yan when they saw the little girl riding a flaming seal to come back.

Everyone was dumbfounded. was she establishing a temporary contract?

How did she do it?

How could she establish a temporary contract when she was being chased by lie Yan?

“Even though it’s just a temporary contract, I have to give you a good name. You shall be called Lie Yan!” Yun Chujiu said to the unlucky lie Yan while surfing on the sea.

Lie Yan was so shocked that she couldn’t even swim!

Lie Yan?

Lie Yan was a red lie Yan, alright?

“What? You Don’t think that’s a good name? You’re Red, right? You’re a fish in the water, so what’s wrong with a red lie Yan? Come, master will help you train your teeth. Red Lie Yan, green lie Yan, and Donkey, repeat after me!”

Lie Yan:” ...”

Lie Yan’s heart was extremely complicated and broken! She had thought that she could swim the fastest among the lie Yan seals, which was something to be proud of!

Who would have thought that just because she could swim fast, she was now unlucky enough to become some Bullsh * T Red Carp! Oh My God, she simply didn't want to live anymore!

The Little Black Bird inside the Spiritual Beast Bag was speechless. It rolled its bean-like eyes and reminded Xiao Heinia, "Master, hurry up and ask about business!"

Xiao Heinia felt that it was really worried for its master who was so random. It could not be helped, after all, it was the smartest among these dumb Cuties!

Yun chujiu touched her nose guiltily, and she accidentally let herself go!

"Red Carp, let me ask you, why did you attack those islands for no reason?"

The Flaming Seal had been contracted by lie Yan, so it had no choice but to tell her the whole story.

Yun Chujiu was dumbfounded when she heard it. Was it because of that?

Lie Yan had been forced to attack the islands by the sky fire. As a result, only a small number of fish survived in the area where the flaming seal lived. Lie Yan was facing a huge problem, which was the source of their food.

Therefore, they had no choice but to go to the area outside of the sky fire to hunt. Then, there was a problem!

These islanders relied on fishing to survive, and this caused a conflict of interest with lie Yan and lie Yan. Lie Yan and lie Yan went to the islands to cause trouble because they wanted to drive these islanders out of the Sea of fire. In this way, their food would be more abundant, and no one would fight with them for food.

Yun chujiu thought that lie Yan and lie Yan were quite smart. The islanders were annoyed by lie Yan and lie Yan. They might even leave the sea of fire.

Even if lie Yan and lie Yan did not leave, their attention would be diverted by lie Yan and lie Yan. They would have less energy to fish and lie Yan and lie Yan would have achieved their goal.

Thinking about it carefully, there was no right or wrong in this matter. The Islanders wanted to survive, and the fire seals also wanted to survive. It was all up to their own abilities!
