

The Yun Family's Ninth Child is an Imp! Chapter 2865

Lie Yan's group of Raging Flame Seals was even more grateful to Yun chujiu than the sea. They felt that they should express their gratitude.

After thinking about it, they decided to give the red carp to Yun Chujiu.

Yun chujiu declined tactfully. She already had enough spiritual pets now. She didn't want to take them anymore. It was very expensive to raise one, okay? !

After the red carp was rejected, it was quite depressed. It suddenly felt that the whole leopard was not good! It was being despised! It was so sad.

"Red carp, I am doing this for your own good. If you follow me, how will you marry a wife? Don't worry. I will come back to see you when I have the chance. I hope that you can follow a bunch of baby seals when the time comes,"Yun Chujiu said with a smile.

The Red Carp was instantly cured! Yes, it was more important to get a wife.

The direct result of this incident was that the red carp began to pursue the mother of the lie Yan seal crazily, and then it kept on giving birth..

After dealing with the lie Yan Seal, Yun Chujiu returned to the big ship.

At this time, Island Master Kang and the others on the big ship had already treated Yun chujiu like a god. Oh My God, did she really extinguish the heavenly fire? How was this possible?

Yun chujiu was too lazy to explain. Anyway, even if she denied it, these people would not believe it. As for the Succubus, there was no need to tell them about it. If she did, it would only cause trouble.

Lie Yan and the rest of the group of blazing sea seals had already migrated to the depths of the blazing sea, so a large area of the sea had been opened up. Yun chujiu picked an island suitable for humans to live on and let the people of Chessboard Island live on it.

Island master Kang and the others naturally couldn't raise any objections. The matter of the people of Chessboard Island had been completely resolved.

The people of Chessboard Island felt that their heavenly daughter was simply omnipotent. When Yun Chujiu left, all of them wept bitterly and were extremely reluctant to part with her.

Yun chujiu also shed a few drops of crocodile tears before she left the Sea of raging flames. Lie Yan had also left the Sea of raging flames.

After this fellow boarded the spaceship, he changed his usual temperament and closed his eyes to rest whenever he had nothing to do.

An Linchuan and Shangguan Hao were very puzzled and wondered what happened to junior sister Jiu? Was she injured? Or was it a blow?

The two of them decided to divert Yun Chujiu's attention, so they said,

"Junior Sister Jiu, let's play cards!" An Linchuan took out a card and said.

"It's boring, you guys play!" A certain jiu continued to sit on the recliner with her eyes closed.

"Junior Sister Little Jiu, let's have hot pot!" Shangguan Hao suggested.

"I'm not hungry. If you guys are hungry, you guys can eat!" A certain Jiu still didn't open her eyes.

An Linchuan and Shangguan Hao looked at each other. Oh No! The problem was serious!

Junior Sister Little Jiu wasn't even interested in cards and hot pot. This was too abnormal! Something must have happened!

"Little ninth junior sister, What's wrong with you? Say Something! You're too scary!" An Linchuan was burning with anxiety. Such a quiet little ninth junior sister was not even as good as that troublemaker junior sister. At least he felt at ease looking at her!

Yun chujiu closed her eyes and said faintly, "I'm fine. I'm meditating on the principles of life."

An Linchuan's eyes widened, he tried to persuade her earnestly, "Junior sister Jiu, you... you're not trying to become a monk after seeing through the secular world, are you? Don't do it! "Although you usually don't look like a lady, although you're not gentle at all, and although most people wouldn't choose a lady like you as their wife, there are still some blind people who would choose you. You'll marry out."

A certain Jiu opened her eyes immediately. "You're the one who can't marry out! Your whole family can't marry out! Get lost! Get as far away as possible!"
