

The Yun Family's Ninth Child is an Imp! Chapter 2866

An Linchuan didn't get angry after being scolded. Instead, he clapped his hands and said, "Junior Sister Jiu, you're finally back to normal! Emma, you looked so scary before."

Yun Chujiu glared at him. "I'm already normal, okay? I'm having an Epiphany!"

An Linchuan:" ..."

Shangguan Hao:" ..."

Epiphany? ! What kind of joke was this? ? ! An Epiphany required time. Some people would never have the opportunity to have an epiphany in their entire lives. This guy was just going to lie here and have an epiphany?

An Linchuan pursed his lips and said, "Junior Sister Jiu, I think you're confusing an epiphany with a wild imagination. You're just wasting your time..."

Yun chujiu jumped up from the Recliner and chased after an Linchuan. "You're either cursing me for not marrying off or saying that I'm having wild imagination. I'll Show You Little Jiu's shadowless feet today!"

An Linchuan rushed out of the cabin while screaming. Yun chujiu chased after him while shouting and shouting. Shangguan Hao shook his head with a smile. It was only normal for little jiu to be so lively.

A certain Jiu's plan of Epiphany had completely failed after being interrupted by an Linchuan. This fellow also knew that Epiphany was something that could only be encountered by chance and not sought after. He had only tried it before.

Once Yun Chujiu returned to normal, the flying spirit tool became lively again. While the three of them were cultivating, they played cards and chatted. It felt like time flew by quickly.

In the blink of an eye, nearly half a month had passed. The flying spirit tool flew to a place called Sky High Cliff. The flying spirit tool fell to the ground uncontrollably.

Yun chujiu and the other two were shocked. They quickly opened the cabin door and jumped down a few feet from the ground. Only then did they not fall to their deaths.

Yun Chujiu's mind raced. She was afraid that this was a no-fly zone. That was why it was like this.

Just as she thought of this, many people from the Divine Devil Hall rushed out from all directions. At a glance, there were hundreds of people.

Yun Chujiu's heart sank. It seemed that the Divine Devil Hall had invested a lot this time. They had to kill her. Otherwise, they would not have mobilized hundreds of people to kill her.

Although Yun Chujiu's heart was in a mess, she still looked calm and collected. She glanced at the people from the Divine Devil Hall and said, "Leader, come out and talk!"

A golden-masked man walked out with a sneer. "Yun Chujiu, you've ruined the Divine Devil Hall's major events time and time again. Today is the day you die."

"Aiyu, your voice sounds familiar. Could it be that you're the coward who ran away from the Yuan killing sect last time?" A defeated general doesn't have the courage to speak. If I were you, I would have found a piece of tofu and killed myself. Yet, you still have the nerve to come out and show off. Shameless!" Yun chujiu pouted and said.

The gold-masked man immediately became angry out of embarrassment. "Stupid girl! Don't be proud! Not only is flying forbidden here, but talismans are also useless. I want to see if you still have any ability. Die!"

As the gold-masked man spoke, he released a spiritual tiger towards Yun Chujiu. Furthermore, he brought along two spiritual leopards and pounced towards Yun Chujiu.

Yun chujiu was calculating in her heart as she released her spiritual piglet to fight.

Although da Hua was powerful, there were hundreds of people on the opposite side. It was impossible for him to defeat them. No matter how abnormal the Little Flame and the big kitchen knife were, she could not kill a few of them alone. Even if she was tired, it would exhaust her to death.

At most, the Great Void Mystic Realm would send her into it. What about an Linchuan and Shangguan Hao?

Use the guai Cao to summon the demon beasts? This was a way to kill 1,000 enemies at the cost of 800. Moreover, she might not be able to hold on until the demon beasts arrived.

Yun chujiu thought for a long time and there was only one way, and that was to crush the jade token that di beiming gave her.
