

The Yun Family's Ninth Child is an Imp! Chapter 2874

The argument between the three of them had already attracted a lot of people to come and watch. When they heard Yun Chujiu's arrogant words, they immediately started discussing.

"This Yun Chujiu is really getting more and more arrogant. A handyman actually dares to threaten an inner sect disciple."

"It's not like you don't know. She has already entered the cave of reflection three times. The last time she was locked in the Cave of Tranquility, she didn't expect to encounter an Earth Dragon that turned the situation around. What do you think she's afraid of?!"

"That's right. What's the point of her threatening fan Mingchuan? What did she do to that Mu Wu the last time?!"

..

The expressions on Fan Mingchuan and ye Bingying's faces could be said to be very interesting. Sometimes they were red, sometimes they were white. Ye bingying shouted sharply, "Yun Chujiu, you're just a handyman. How dare you threaten us? You're disobeying your superiors!"

Yun chujiu snorted coldly. "Get lost or Die! It's your choice!"

This guy finally said the pretentious lines that he had kept for a long time and felt that he was awesome!

“Yun Chujiu, if you dare to touch a hair on our heads, ah! Ah!”Ye Bingying’s words were replaced by a scream because a certain jiu kicked her away.

After Hei Xinjiu kicked ye bingying away, she took out a big kitchen knife from her waist bag and gestured at fan mingchuan, “Do you want to get lost or let me cut you twice?”

Fan Mingchuan’s face was livid. He pointed at Yun chujiu and shouted, “You, you, aren’t you afraid of the rules of the sect? !”

Yun chujiu swung the large kitchen knife at him. Fan Mingchuan was so scared that he almost wet his pants. Even in his dreams, he never thought that Yun chujiu would actually dare to cut him. Fortunately, he reacted quickly and dodged the knife, however, his body was drenched in cold sweat.

Yun chujiu narrowed her eyes. “I’ll ask you again. Are you guys going to get lost?”

Ye Bingying climbed up and grabbed fan Mingchuan’s arm. “Mingchuan, let’s go. She’s a lunatic!”

Fan Mingchuan was already afraid. Now that he had a way out, he gritted his teeth and said, “Yun Chujiu, just you wait! We’ll go to the law enforcement office and Sue You!”

“Okay! I’ll wait! By the way, I’ll say it again. If you see me in the future, take a detour. Otherwise, I won’t be so polite next time!” Yun Chujiu said with a big kitchen knife in her hand.

Fan Mingchuan and Ye Bingying glared at her angrily, then they turned around and went to the law enforcement office to sue her.

The surrounding disciples were afraid that Yun chujiu would vent her anger on them, so they quickly scattered. In the blink of an eye, a certain Jiu was the only one left.

A certain Jiu curled her lips. After putting away the kitchen knife, she continued to wander around Tianji Peak.

When Fan Mingchuan and Ye Bingying arrived at the law enforcement office, they told manager Zhong what had happened. Manager Zhong felt a headache coming on.

He knew that once Yun chujiu came back, the law enforcement office wouldn’t stop. They had only been back for less than three days, and something had already happened.

Although he had a headache, he still had to do something. Otherwise, wouldn't the disciples of the Chaos Origin sect follow her example?

Thus, a certain Jiu who was wandering around was brought to the law enforcement department by a few law enforcement disciples.

As a certain Jiu was an old acquaintance of the law enforcement department, this fellow was chatting and laughing with those law enforcement disciples. It did not seem like he had been brought here, but more like he was a guest.

"Manager Zhong, long time no see! This is the dried fish I brought for you. It tastes pretty good." A certain jiu smiled as she handed manager Zhong five dried fish.

The Kitten said unhappily in the spirit beast bag, "Meow! Master, you were clearly the one who bought the dried fish for me!"
