

The Yun Family's Ninth Child is an Imp! Chapter 2877

Hei Xinjiu's conscience hurt a little. This fellow was making excuses for himself. Didn't she break through once in the No. 15 Meditation Cave?

It shouldn't have such a big impact, right? Perhaps the No. 14 and No. 16 meditation caves had been broken before, but no one had said it before. Yes, that was how it was.

Since there was no lightning power in them, this guy started to refine pills.

Furnace after furnace of pills were refined. Then, the spirit energy mass that had troubled the Hunyuan sect once again appeared at the Back Mountain of Tianshu Peak.

After receiving the report, Master Baili went to the back mountain to take a look. Sure enough, an increasingly large spirit energy mass was continuously gathering.

Master Baili pondered for a moment. The last time the spirit energy mass appeared was when Yun Chujiu, that troublemaker, was locked up in No. 14 meditation cave. Now, this guy had just been locked up in No. 16 meditation cave for a few days when the spirit energy mass appeared again, it would be a ghost if it had nothing to do with her!

Thus, Master Baili went directly to the teleportation array of the reflection cave and asked the little leader to teleport Yun chujiu out.

Hei Xinjiu was happily refining pills. With a flash of white light, she was teleported out.

Fortunately, the heaven and Earth Universal Furnace already had a weapon spirit and took the initiative to enter Yun Chujiu's storage ring. This prevented the human furnace from separating from the human world's tragedy.

Yun chujiu was very careful. During the teleportation process, she didn't forget to use the cleaning technique to remove the smell of the pills on her body.

After seeing Master Baili, Yun Chujiu said with a smile,

"Master Baili, why did you let me out? You came at the right time. I don't think this No. 16 meditation cave is interesting. Please let them send me to No. 17 Meditation Cave!"

Master baili snorted, "Tell me about the spirit energy sphere first."

Yun chujiu was confused, "Spirit Energy Sphere? What Spirit Energy Sphere?"

Master Baili glared at her and thought, you can keep pretending!

Master baili sighed, "Now, there are internal and external troubles in the immortal Yuan continent. The Nightmare clan has invaded the far west land, and the Godly Demon Palace is stirring up trouble in the Dark..."

Yun chujju blinked her eyes. "Master, have you gone off topic? This has nothing to do with me thinking about it, right?"

Master Baili choked. Yes, she was just a little girl, and a handyman at that. What was wrong with him?

Unknowingly, he had actually thought of this little girl as someone of the same status as him. He had really lost his mind!

Master baili snorted coldly, "What I mean is, I'm already in a terrible state. It's better for you to not add any more trouble to me than anything else." "Alright, don't think about it anymore. Go back to the courtyard and stay there. If there's nothing else, don't come out and wander around."

A certain Jiu felt a little guilty. She was afraid that Master Baili would really pursue the matter of the spirit energy ball, so she agreed and ran away.

Master Baili touched his forehead and went to the place where the spirit power ball was located. Sure enough, the spirit power ball had begun to dissipate. He couldn't help but shake his head. It was really caused by that little girl.

I don't know what she did in the meditation cave to cause such a huge mass of spiritual energy.

Master Baili had just received a voice transmission talisman from Alliance Master Yan of Sky Bearing Alliance, so he threw this matter aside. Otherwise, the good deed that a certain jiu had done in the meditation cave might have been exposed.

A certain jiu, who had been sent back to the dormitory, had been quiet for a few days. Then, she quietly began to wander around here again.

This fellow was actually very helpless. It had been a long time since he had been struck by lightning. Other than entering the reflection cave to absorb the power of lightning, she really couldn't think of any other good ideas, but she couldn't say to master baili, "Hey, I want to go into the reflection cave to be a demon. Quickly let me in!"
