

## The Yun Family's Ninth Child is an Imp! Chapter 2878

Hei Xinjiu was wandering around when she received a message from an Linchuan.

After an Linchuan returned to the primordial chaos sect, he was given a good lecture by mountain master an, so he went into hiding for a few days. When he was released that day, he went to the kitchen to look for Yun Chujiu, but he missed her.

As soon as the two of them met, Yun Chujiu complained that she was extremely bored. An linchuan said, "Junior sister Xiao Jiu, let's go. We have a good place at Yaoguang Peak. I guarantee that you will like it."

Yun chujiu immediately followed an Linchuan to Yaoguang Peak. As an Linchuan was the son of mountain master an of Yaoguang Peak, he was very popular among the female disciples of Yaoguang Peak.

When the female disciples saw that an Linchuan was very attentive to Yun Chujiu, they immediately looked at Yun chujiu with sharp eyes.

A certain jiu was already immune to such gazes. She was only interested in the good place an linchuan mentioned.

Yun chujiu followed an Linchuan to the back mountain of Yaoguang Peak. Yun chujiu muttered, "Senior an, you're not thinking of taking me to Jingxin Cave, are you?"

“Junior sister Xiao Jiu, have you lost your mind? Jingxin cave has already been destroyed. There’s no more Jingxin Cave!” An Linchuan pouted.

Only then did Yun chujiu remember that when the Earth Dragon turned over, Jingxin Cave had already been turned into ruins.

“Then where are you taking me? What else can be fun at the back of the mountain of Yaoguang Peak? Is it barbecuing meat at the back of the mountain? or catching fish?” Yun chujiu asked as she looked around.

“You’ll know when you get there!” An Linchuan said mysteriously.

Seeing that he was keeping her in suspense, Yun Chujiu didn’t ask any more questions.

The two of them arrived near a cliff. After an Linchuan pushed away the thick vines, a hole appeared on the cliff, an linchuan said proudly, “I found this when I was young. It’s been so many years. No one has found it except for me.”

The corner of Yun Chujiu’s eyes twitched. “Senior brother An, is this the dog hole you mentioned?”

An Linchuan glared at her. "This is just an entrance. There's a world behind it! Follow Me!"

When Yun Chujiu heard that there was another world behind her, her eyes lit up immediately. She followed an Linchuan into the cave.

After walking through the winding cave, the front suddenly opened up. A certain jiu, who was initially very interested, really wanted to grab an Linchuan's neck and shout, "Are you talking about a pile of broken rocks?"?

This should be a sinkhole. However, the hole on top was very small, and there were very few people on top. Therefore, this sinkhole had never been discovered.

Of course, perhaps someone had already discovered it, but there were only rocks and rocks in this sinkhole. There wasn't even a single blade of grass, so no one mentioned it.

An linchuan said excitedly, "Junior sister little jiu, did you see it? This is my secret territory! Besides me, you're the first one to come in! Of course, I also wanted to ask senior brother Shangguan to come, but he thought I was talking nonsense and was really ignorant!"

Yun chujiu really wanted to tell him that senior brother Shangguan was really wise! It was simply a waste of time to come to this lousy place! Instead of looking at these lousy rocks here, she might as well go and get blackmailed!

Just as Yun Chujiu was about to ridicule him., she heard an Linchuan say with a slightly downcast tone, “Junior Sister Little Jiu, I don’t know how you got here when you were young. My mother didn’t come early, and my father has always had high hopes for me. Since Young, apart from cultivating, I’ve always cultivated. My childhood was simply a history of blood and tears.”
