

The Yun Family's Ninth Child is an Imp! Chapter 2881

Yun Chujiu and an Linchuan looked at the skeleton of the big fish and felt a sense of accomplishment.

“Junior sister Jiu, I’ve been thinking for the past few days. Maybe the big fish was swimming in the sea at that time, and then the mountain suddenly collapsed and the earth cracked, and it was trapped in the mountain rocks.

The Hole in the sky above was formed when the big fish jumped and hit it, and the gap at the side was probably formed in the same way.

“However, it was exhausted and couldn’t escape in the end. It could only blame its own bad luck,”an Linchuan said as he leaned against the stone wall and looked at the hole on top of his head.

Yun chujiu didn’t say anything. The world had changed. This big fish might have been an overlord in the sea back then. Didn’t it also become a skeleton like this in the end?

So, what was the purpose of living? Sooner or later, they would die. Why did they have to work so hard to cultivate? It was better to die early!

After an Linchuan finished speaking, he did not hear Yun Chujiu speak for a long time. He turned around and saw Yun chujiu looking at the big fish skeleton with a dull look in her eyes. An Linchuan was shocked. “Junior sister Xiao Jiu? Junior sister Xiao Jiu?”

Yun chujju still did not respond. She looked at the big fish skeleton in a daze.

An Linchuan panicked. He couldn't care less about the defenses between men and women. He used his hand to pull Yun Chujiu's arm. "Junior sister Xiao Jiu, what happened to you? Don't Scare Me!"

Yun chujju only regained her senses after being pulled by him. She was shocked. Why did she have such negative thoughts just now? This didn't seem like her personality at all.

Why did people live? There were thousands of reasons. They could be family, friendship, love, or self-improvement and realization. They could also be for a certain spirit. Living was the greatest happiness for a person.

Therefore, why did she have such a negative thought that she would die sooner or later?

Could it be a guai Cao?

The guai Cao in her Dantian kept swinging its leaves. This time, it really was not its doing! Ever since this fellow saw that Yun Chujiu didn't have the heart to kill it in Yun Chujiu's illusion, this fellow had already eliminated the last bit of evil intention.

Yun chujiu narrowed her eyes and looked at the big fish skeleton. Could it be that it was the culprit?

However, she looked at an linchuan beside her. If it was the big fish skeleton, why was this idiot unaffected?

Yun chujiu looked at it and finally found the crux of the problem.

The only difference between her and an Linchuan was that an Linchuan had been sitting by the side of the stone wall, while she had been sitting on a stone.

This stone had been buried under many bones. Yun Chujiu and an Linchuan had exposed it when they were cleaning the bones.

Yun chujiu had checked it before. This stone was really just a stone and not a fish bone, so she had not touched it.

An Linchuan saw Yun chujiu staring at the stone, so he came over. "Junior sister Xiao Jiu, is there anything wrong with this stone?"

Yun Chujiu wanted to do an experiment, so she said, "Senior brother An, sit on this stone and look at the big fish skeleton. See what it feels like."

An Linchuan didn't understand. He sat on the Big Stone in a daze and looked at the big fish skeleton in front of him.

At first, this guy was still at a loss. When he looked at it, his expression became a little depressed. His eyes were dazed.

Yun Chujiu had basically confirmed what she was thinking. She pulled an linchuan up from the rock and shouted a few times. An Linchuan was still unable to wake up.

Yun chujiu had no choice but to give this guy a fierce kick.

An linchuan exclaimed, "Junior sister Jiu, why did you kick me?"

"Senior brother An, what were you thinking when you looked at the big fish skeleton just now?"
