

The Yun Family's Ninth Child is an Imp! Chapter 2882

An linchuan rubbed his nose. "I don't have any thoughts. I just feel that there's no meaning in living!!
"However, junior sister Jiu, that's definitely not what I think. I haven't married and had children yet. I still have to travel all over the immortal essence continent. How could I feel that there's no meaning in living!"

Yun chujiu nodded. "I had the same thoughts as you just now. It seems that there's something wrong with this stone. Sitting on it would also cause me to have negative emotions."

"There is a stone with such an effect? Oh My God, could it be that the big fish from before died because of this stone?" An linchuan shouted.

Yun chujiu squatted down and looked at the stone carefully. "It is not impossible. I have seen a description of a stone that is very similar to it in ancient books. That stone is called the dead stone. People who get close to it will have negative emotions."

"Junior sister Xiao Jiu, since this stone is so strange, why don't you stay away from it? Why are you so close to it? Get Up, I'll destroy it!"

An Linchuan said as he pulled Yun chujiu away. Before Yun Chujiu could react, this guy threw a palm strike at the stone.

An Linchuan used all his strength in this palm strike. Unfortunately, not only was there not a single crack on the stone, it didn't even move.

The stone was fine, but an Linchuan's face had turned dull again.

Yun chujiu couldn't help but laugh. She had no choice but to kick an Linchuan again. An Linchuan fell to the ground and only then did he wake up.

"Senior brother An, you'd better stay far away. I'll study it again," Yun Chujiu said with a smile.

An linchuan laughed awkwardly, "Junior sister Xiao Jiu, weren't you also affected by it previously? Why aren't you affected now?"

"I've learned from my mistakes. Besides, I'm on guard now, so it won't affect me so easily," Yun chujiu said nonchalantly.

An Linchuan was obviously not convinced, so he moved closer to the stone and fell into a daze again. Yun chujiu had no choice but to give him another kick.

"Junior sister Xiao Jiu, can't you find another way to wake me up? Why must you kick me?" An linchuan muttered as he rubbed his butt.

Yun chujiu ignored him. She felt that there was something fishy about this dead stone. Even if it was very strong, an Linchuan's palm just now could not move it at all.

When Yun Chujiu thought of this, she took out her pickaxe and began to dig around the dead stone. The more she dug, the more frightened she became. This dead stone looked like a small piece on the surface, but underneath it was a very large piece, what was exposed above was just a small tip.

An Linchuan didn't dare to get too close. He even put a basin of cold water on the ground. When he felt dizzy, he stuck his head into the basin, and then he could wake up.

As he looked at it, he could see the trick. He said in surprise, "Junior sister Xiao Jiu, that broken stone looks like a statue!"

Yun chujiu was too close to it, so she really couldn't see it. She took a few steps back to take a look. It was true. The part that she had dug out looked like the part above a person's forehead.

Yun chujiu continued to dig, and the more she dug, the more shocked she became. This statue was wearing a mask, and it was actually very similar to the SH * t owner that she saw in the cave of the human-faced octopus, or it could be said that it was the same person.
