

The Yun Family's Ninth Child is an Imp! Chapter 2888

Yun chujju continued to poke with a smile. "If we can't get out, then we can't get out! There's no danger in here, and we can poke you to play with it. So, we plan to stay here for a long time!

"Moreover, we plan to renovate this place and write more slogans. For example, the Divine Devil Hall is a bunch of turtle bastards. For example, that dog SH * t owner is an idiot..."

"You, you shut up! You deserve to die!"

"I shut up? If you want me to shut up, then I'll shut up? "I said, that SH * T Lord of yours is a coward. Otherwise, why wouldn't he dare to come out? "Why did he only let his underlings come out to fight? "He even put on a mask for a broken statue. Obviously, he's too ashamed to face anyone..."

"You're talking nonsense! You deserve to die!"

"I'm talking nonsense? Let's not talk about anything else. Let's talk about the bones of the sea beasts here. How did these sea beasts die? It must be related to that F * cking God, right?"

"What did they do wrong?" "What right do they have to deprive them of their right to live?" "They are also creatures born and bred. What right does he have to decide their life and death?"

“You, you...”the jellyfish artifact spirit, Qi Ling, did not know how to refute Yun Chujiu even after a long time.

Yun chujiu sneered, “What else do you have to say?”? “That SH * t master has been planning for tens of thousands of years. Perhaps his spiritual power is really terrifying, but those who have achieved the DAO will have more help, while those who have lost the DAO will have less help. In the end, he will still fail.”

The color of Qi Ling’s body had turned from red to black. It said fiercely, “No matter what you say, you will never get out. You will be trapped here for the rest of Your Life!”

When Yun Chujiu was about to take care of the jellyfish artifact spirit, countless remnant souls of sea beasts floated on the dry bones on the ground..

The jellyfish artifact spirit screamed in fear, “No, it’s impossible! The remnant souls of these sea beasts have been refined by me, why do they still exist?”

Yun chujiu narrowed her eyes and looked at the remnant souls of the sea beasts. These were real remnant souls. They were so weak that they would dissipate even with a breath.

The remnant souls of the sea beasts continued to rush towards the Jellyfish Artifact Spirit. Yun chujiu subconsciously moved aside. Qi Ling had a feeling that the remnant souls of the sea beasts were helping her.

She had a hunch that the remnant souls of the sea beasts were helping her. Perhaps it was the words she had said earlier that had awakened them. Or perhaps they had been unwilling to give up and had been waiting for an opportunity to take revenge.

The remnant souls of the sea beasts pounced on the body of the jellyfish artifact spirit and began to bite it. According to common sense, the artifact spirit of the mystical realm would not be killed easily. However, the number of remnant souls of the sea beasts was very large. Moreover, they were filled with resentment and hostility. Qi Ling's eyes were filled with hatred and hostility, the jellyfish artifact spirit kept screaming, and its body became smaller and smaller until it disappeared..

An Linchuan, who was watching from the side, was dumbfounded!

Damn, such a situation was so rare that he had never dreamed of it before!

Yun Chujiu, who was watching from the side, looked at the scene in front of her thoughtfully. It seemed that she was most likely right about what she said earlier. The death of the sea beasts was directly or indirectly related to the master.

While Yun Chujiu was pondering, the ground began to shake violently. This guy thought that it might not be good, and the place would probably collapse!

This guy was not willing to give up his life and money. At this time, he did not forget to put the sticky silk net and the ten-thousand-year-old mysterious iron chain into his storage ring, then, he shouted at the remnant souls of the sea beasts, "Little Babies, quickly tell me, where should I run to?"

As soon as Yun Chujiu said that, her and an Linchuan's bodies were pushed into the sky by a huge force. Yun chujiu looked down and saw countless remnant souls of the sea beasts holding them up, one layer after another..
