

## The Yun Family's Ninth Child is an Imp! Chapter 2889

Yun Chujiu's heart was filled with sorrow. With so many sea beasts dying at the same time, one could imagine what kind of tragic situation it was at that time.

"I, Yun Chujiu, have received your grace. Don't worry, I will definitely destroy the God and Demon Temple and kill that Bullsh \* t supremacy to avenge you!"

The remnant souls of the sea beasts let out a wave of sorrowful cries. Even an Linchuan, who had a rough outline, could feel the sorrowful feeling. His eyes could not help but turn red.

At this moment, the ground below had already begun to collapse. Loud booms kept coming from the ground. If Yun Chujiu and an Linchuan had not been lifted up by the remnant souls of the sea beasts in the air, they would have been buried alive.

The remnant souls of the sea beasts suddenly exerted force. Yun Chujiu and an Linchuan felt their bodies being thrown high into the air, followed by a dazzling white light..

When the two of them regained their sight, they found that they were at the top of a mountain.

An Linchuan looked around and found a hole in front of them. He ran over and lay down to take a look, he shouted in surprise, "Junior sister Xiao Jiu, come and take a look. This is the cave from before. We're Out! We should be in the sect now!"

Yun chujiu was obviously not as stupid as an linchuan. She stood up and looked into the distance. The other six mountains and the mountain peak below them formed the Big Dipper. Wasn't that the Hunyuan sect? !

An Linchuan was dancing with joy. "Junior sister Xiao Jiu, there will definitely be good fortune after surviving this disaster. We have escaped death!"

Yun chujiu nodded. "Let's not talk about the lightning strike. Let's jump to the oath and the remnant soul of the Sea Beast. Do you understand?"

"Junior sister Xiao Jiu, don't worry. Although I'm careless, I understand what I should say and what I shouldn't say. Let's go. Let's Ride the sword down."

An Linchuan said as he summoned his sword and was about to ride it away when Yun Chujiu suddenly had a flash of inspiration in her mind. The Big Dipper?

The seven peaks of the Chaos Origin sect formed the Big Dipper. Could it be a kind of formation and its purpose was to suppress the mystic realm they had encountered before? Or was there something else buried under the chaos origin sect?

Another example was the murder origin sect. The five peaks of metal, wood, water, fire, and earth contained the five elements. Could it be that they were also suppressing something?

Yun chujie thought about it carefully. It seemed that every time they encountered something from the devil or the Divine Devil Hall, there was something suppressing it. It was either a divine weapon, a formation, or a natural barrier. Perhaps they had a great battle with the Divine Devil Hall back then., and then they suppressed the remaining survivors.

And now, the survivors that had been suppressed all over ran out one after another. The Divine Devil Hall would definitely make a comeback.

Divine Devil Hall, divine? Devil? Yun chujie didn't think about this name too much in the past. Now that she thought about it, this name was extremely strange. It was either a god or a devil. How could gods and devils collude with each other? Why would they come up with such a contradictory name?

An Linchuan saw that Yun chujie seemed to be deep in thought. He gently tugged at her. "Junior sister Xiao Jiu, what are you thinking about? Let's hurry down. I think both the sect leader and my father are worried sick!"

Yun chujie heard an Linchuan's words and shook her head. She couldn't rush things in the Divine Devil Hall. She would definitely be able to find the truth if she took her time. She couldn't rush it.

Thus, an Linchuan rode his sword while a certain Jiu rode her chopping board and flew down the mountain.

Soon, someone saw the two of them:

“Look! Aren’t those the eloping Yun Chujiu and an Linchuan? They are back!”

“Yes, those two have gone somewhere to have fun. They have tormented us so much that we almost turned the back of yaoguang peak upside down!”

“After making such a ruckus, I reckon that mountain master an can only agree to their matter.”

..

A certain figure in the dark narrowed his eyes, and the cold air on his body leaked out. The few trees beside him instantly turned into dust. Elope? Very good, very good!
