

## The Yun Family's Ninth Child is an Imp! Chapter 2898

A certain being circled around the courtyard a few times, but he still couldn't put down his pride and pushed the door open to enter the house.

A certain being was furious!

Why couldn't the black thing send him a voice transmission talisman? If he sent a voice transmission talisman, wouldn't he be able to follow the flow and enter?

After circling around a few more times, a certain being's eyes finally lit up.

The black thing sent him a voice transmission talisman, but he didn't reply to a single one. If he replied now, the black thing would definitely continue to apologize. When that time came, it would be natural for him to enter the house again!

When a certain being thought of this, he hurriedly took out a voice transmission talisman. After he sent his divine sense in, Yun Chujiu's explanation was transmitted from inside. It was nothing more than saying that the husband of the eldest and the youngest was just a temporary measure and was not really blah blah blah.

A certain being pondered over it and finally replied with an "En". Then, he eagerly waited for Yun Chujiu's reply.

Inside the house, Yun Chujiu noticed that the voice transmission talisman was trembling. When she saw that it was di Beiming's voice transmission talisman, she could not help but twitch her lips. Was the pretty boy thinking things through?

After Yun Chujiu sent her divine sense in and found that there was only one sound, she pouted again, put away the voice transmission talisman and continued to cultivate.

A certain honored warrior outside the room waited and waited. After a long time, there was no movement from the voice transmission talisman. He could not bear it anymore. Finally, he gritted his teeth and pushed the door open.

"Why didn't you reply to My Voice Transmission Talisman?" A certain honored warrior asked in a bad mood.

Yun chujiu opened her eyes and glanced at him. "I should be the one asking you this question, right? I sent you six or seven voice transmission talismans, why didn't you reply to me?"

A certain jiu choked and then said righteously, "This matter was originally your fault, why should I reply to You?"

Yun chujiu sneered. "I did something wrong? Then do you think I should have foolishly admitted that I was Yun Chujiu and then waited for someone to kill me and throw me into the sea to feed the bastard? Could it be that your mood is more important than my life and Death?"

"You, you..." a certain Jiu's imposing manner was instantly dispirited by her rebuke. She sat at the head of the bed angrily and did not say a word.

Seeing this, Yun chujiu continued, "I admit that I was indeed in the wrong. I should have told you tactfully. If I were to suddenly hear you say 'wife' and 'wife', I would also be very angry.

However, I have already explained it to you clearly. You shouldn't have been so angry. "Do you know how worried I am that you would run away from home without replying to my voice transmission talisman?"

"Think about it. If I ran away from home without replying to your voice transmission talisman, how would you feel?"

"Most importantly, don't we even have this little bit of trust? "If you think that I'm a fickle person, I have nothing to say. You Can Go!"

Yun Chujiu's eyes turned red and tears fell from her eyes.

A certain Jiu was not afraid of anything. She was only afraid that her daughter-in-law would cry. She stammered, "I didn't say anything. Aren't I back now?"

"SOB, SOB, I knew it. You Don't believe me. In your heart, I'm like a butterfly who loves a flower! Sob, sob, my heart is about to break!" A certain Jiu became more and more sad as she spoke. She picked up the pillow on the bed and threw it at di beiming.

A certain Jiu did not have any temper after being hit. Seeing that Yun Chujiu was getting more and more sad as she cried, she was so anxious that her forehead was sweating, she said loudly, "No, Ben, I didn't mean that. You, Don't Cry! I, Can't you just consider me wrong? !"
