

The Yun Family's Ninth Child is an Imp! Chapter 2901

A certain Jiu saw an Linchuan's miserable state through the crack of the door and shrunk her neck. Senior brother An, you can count on yourself! You did this all by yourself!

At this moment, Shangguan Hao, who was slumped on the ground, was drenched in cold sweat. His heart felt like it had been bleated by a dog. was he possessed?

The unlucky an Linchuan was sent flying five times before he finally stumbled into the courtyard.

"Little ninth junior sister, there's a ghost in your courtyard! eh? Senior Brother Shangguan, What's wrong with you? It's not raining today, why are your clothes all wet?"

As soon as this idiot finished speaking, he was knocked down by a huge pressure, and he landed face first. Just as this idiot was about to say something, the door of the house was pushed open, and a man walked out.

The man was dressed in white, and he was covered by the light of the Sun. He was as cold as a god, and he looked at Hei Xinjiu as if he was a dead man.

Hei Xinjiu was about to smooth things over and introduce them to each other when she heard an linchuan shouting excitedly, "God! Isn't this the God who saved us? ! Oh My God, I actually saw a living God!

God, do you take in disciples? The kind that will serve you 24/7! God, why are you standing there?

Quick, quickly sit down! God, are you thirsty? Junior Sister Jiu, hurry up and serve the god Tea! And snacks and spiritual fruits must be served as well!

God, was it you who threw me out just now? Oh My God! If I knew this would happen, I would have experienced this blissful feeling while I was flying! Master, please continue flying!”

Yun Chujiu:” ...”

Why did she feel like she was a brainless fan?

Yun chujiu was about to exchange views with Shangguan Hao when she saw that although Shangguan Hao wasn't as exaggerated as an linchuan, his face was flushed red and his lips were trembling from excitement. He was simply another brainless fan!

Yun Chujiu:” ...”

Oh My God! Was there a need to be so exaggerated? Wasn't it just a wisp of the pretty boy's spiritual sense that had saved them once? Was it really good to worship them blindly?

Compared to Yun Chujiu's confusion, a certain lord was still rather calm. Perhaps he had encountered such situations many times in the past and was already used to it.

However, seeing these two useless people, a certain lord could basically confirm that they did not dare to have any thoughts of coveting his little wife. Only then did his expression ease up a little.

In the following period of time, Hei Xinjiu found that she was basically invisible now.

An Linchuan and Shangguan Hao couldn't bear to look at them anymore. They almost knelt on the ground and kowtowed to their ancestors!

A certain Jiu watched a fan meeting from the side, although a certain jiu was basically:

"Huh?"

"Yeah."

Even so, the two brainless fans were so excited that their faces were full of excitement.

A certain Jiu thought sourly in her heart, isn't it just that the Pretty Boy's spiritual power is a little stronger? Is there a need to be so sycophantic? He really has no moral integrity!

This fellow would never admit it, she also felt a little honored in her heart. Her Little Fairy Jiu's taste in men was really good, even men couldn't resist the charm of the pretty boy.

Finally, an Linchuan patted his chest to show his loyalty. "God, don't worry, leave Junior Sister Little Jiu to me! If anyone dares to bully junior sister Little Jiu, I'll kill them! Well, God, can you slap me away again?"

Yun Chujiu:"..."

F * ck! Idiot! That's enough!
