

The Yun Family's Ninth Child is an Imp! Chapter 2914

Zhao Zijing pondered for a moment, and then said with a troubled look, "Manager Feng, the Alliance of non-affiliates is not my decision. It depends on everyone's opinion."

"This, this, everyone, the Leng siblings did not commit any unforgivable mistake. Leng Xiaojiu's spiritual power is low, so it's inevitable that she is timid. It makes sense that she did not participate in the battle. Let's forget about this matter!" Feng Zhi said to the bearded man and the others.

The bearded man snorted coldly, "Steward Feng, you arranged the good jobs for the Leng siblings, and now you're speaking up for them. Could it be that you've really accepted their benefits?"

The people around them also jeered, "That's right! So we elected you as the steward because you're honest and honest. I didn't expect you to pull such a trick behind our backs. We apply for the dismissal of him!"

"Right, dismiss him! We'll choose another manager!"

"Since this Feng Zhi is helping Leng Xiao Jiu so much, we'll expel him together!"

..

Feng Zhi never expected that he would be ostracized just because he was pleading for leniency in the Freelance Martial Artist Alliance. Apart from shock, there was also a hint of grief and indignation on his face.

Feng Zhi looked at Zhao Zijing, hoping that he would say something fair. However, he didn't expect Zhao Zijing to remain silent.

Zhao Zijing had long been dissatisfied with Feng Zhi, who always did things by the book. Moreover, Feng Zhi was in charge of the public finances of the alliance, so Zhao Zijing, the alliance leader, couldn't take any advantage.

Therefore, Zhao Zijing had long wanted to find a reason to kick Feng Zhi out. Now was a great opportunity, so he naturally wouldn't let it go.

Since Zhao Zijing did not speak, the bearded man and the others became even more noisy. Moreover, some of the people in the first team were eyeing Feng Zhi's position covetously. They also added fuel to the fire. For a moment, they were all shouting to expel Feng Zhi, it was even louder than Yun Chujiu's voice.

Feng Zhi's body was slightly trembling. "Good! Good! I, Feng Zhi, have always been conscientious and conscientious. I never had the slightest bit of selfishness. I did not expect to end up like this.

"Since you insist on this, I have nothing to say. You can choose one person. After I hand over the spirit stones to him, I will take the initiative to leave. There is no need for you to expel me."

Hearing Feng Zhi's words, Zhao Zijing sighed. "Steward Feng, after you have finished handing over the spirit stones, there is no need for you to leave the loose cultivator alliance. I will naturally protect you."

Although Feng Zhi was honest and honest, it did not mean that he was a fool. He smiled bitterly. "There is no need! I still won't be an eyesore."

Regarding Feng Zhi's matter, only a few people showed a pained expression. Most of them were numb, while a few others showed a happy expression.

After Feng Zhi handed over the spirit stones, he left the team with a sorrowful expression.

Yun chujiu looked at Zhao Zijing with a faint smile and said, "Alliance leader Zhao, since even manager Feng has been expelled, I believe that we siblings will not be able to stay. Since that's the case, I'll take my leave!"

"However, if you have anything to ask of us, think about what you've done today. Don't be so thick-skinned as to beg us."

The bearded man and the others laughed loudly. "Is this little girl crazy? ! We Beg Her? Even if we beg her, she'll be begging us on her knees. This extreme Western Desert Sea's demonic beasts run amok. Perhaps they'll lose their lives as soon as they leave the team!"

“That’s right! She really overestimates herself. Even if we are really in danger, can she, a trash of the sixth layer of the spiritual profound realm, help us? !”

“Hurry up and leave! Hurry up and leave! Don’t talk crazy here. If it weren’t for Chief Zhao’s benevolence, I would have killed all of you long ago!”
