

The Yun Family's Ninth Child is an Imp! Chapter 2915

After Yun Chujiu and Leng Kui walked for a distance, they saw the dazed Feng Zhi.

“Uncle Feng!” Yun chujiu jogged to catch up with Feng Zhi.

Seeing that it was them, Feng Zhi nodded as a greeting.

“Uncle Feng, I’m really sorry. If it weren’t for us brother and sister, you wouldn’t have been chased out.” Yun Chujiu said apologetically.

Feng Zhi shook his head. “I’m in charge of the spirit stones in the loose cultivator alliance. There are people who have long disliked me. Even if it wasn’t for you guys, they would have found a reason to chase me out sooner or later.

“It’s because I thought it was too simple. I thought that since these people had come to fight against the Yan clan, they wouldn’t have any selfish motives under the common enemy. I didn’t expect that even at this time, some people still had their own plans.”

Yun chujiu curled the corners of her lips. “Uncle Feng’s thoughts are very thorough. The human heart is the most difficult thing to predict, especially since the loose cultivator alliance was originally formed by piecing it together. Everyone has their own little jiu jiu, so it’s inevitable that there will be some dirty matters.

“However, it’s just right for us to separate from them. Don’t worry, with me around, we will definitely be able to safely arrive at the vast desert.”

Feng Zhi nodded, but he smiled bitterly in his heart. This little girl’s tone wasn’t small. How could a little girl at the sixth level of the Lingxuan realm protect us? Forget it. Although his spiritual power wasn’t particularly high, he was still stronger than the two of them. When there was danger, he would just take care of them.

“Little Jiu, we’ll follow behind the loose cultivator alliance. This way, if we’re attacked by demonic beasts, we’ll have less trouble because they’re in front,”Feng Zhi said after thinking for a moment.

“Uncle Feng, I think it’s better for us to walk in front. Those people in the alliance are all black-hearted. If we follow behind them, they might deliberately drive the demonic beasts to our side,”Yun Chujiu said with a cold smile.

“This, is it necessary?”Feng Zhi said with some hesitation.

Yun Chujiu’s eyes flickered with coldness. “Uncle Feng, you’re too kind! “They were able to make us come out in full force just for the sake of their face. “If we survive to the desert, they will be worried that we will destroy their image in front of the Alliance army.

“Moreover, uncle, you have always been in charge of the spirit stones of the unaffiliated cultivator alliance. If some people want to do something to the accounts, they will definitely kill you to silence you.

“They won’t attack openly due to their pride, but with the help of the demonic beasts, it’s simply flawless. Therefore, it’s better for us to walk in front of them.”

Feng Zhi looked at Yun chujiu with a face full of shock. He had always thought that she was just a naive and romantic little girl. He didn’t expect her mind to be so clear.

Yes, he was still thinking too simply. How could those people from the loose cultivator alliance just expel them? They would definitely use the demonic beasts to kill them.

The more Feng Zhi thought about it, the more he felt that what Yun Chujiu said made sense. Fine beads of sweat started to drip out from his forehead, he sighed. “The human heart is even scarier than the demonic beasts! Alright, let’s walk in front of them. I would rather be eaten by the demonic beasts than be killed by my original companions.”

Leng Kui did not say anything at the side. His heart felt like it was turning upside down. Even though he was a disciple of the murderous origin sect, everything had been smooth sailing for him. Moreover, the disciples of the murderous origin sect had always flattered him. He did not know that people’s hearts were so complicated.

At this moment, Leng Kui seemed to have some understanding and relief towards Yun Chujiu’s evil schemes.
