

The Yun Family's Ninth Child is an Imp! Chapter 2916

When the people of the unaffiliated cultivator alliance saw that Yun chujiu and the other two had actually walked in front of them, all of them sneered. These three people were really brainless!

If they had followed behind the unaffiliated cultivator alliance, they would have suffered less. After all, they could eliminate most of the demonic beasts in front and even scare them away.

However, now that they were walking in front, they were just waiting to be fed to the demonic beasts!

Zhao Zijing's eyes flickered a few times. He originally wanted to find an opportunity to get rid of these three people, but he didn't expect that they would seek their own death and walk in front of the loose cultivator alliance. That would save them a lot of trouble.

Yun chujiu and the other two walked for a while and found a sand dune. The three of them decided to camp here at night.

"Brother, Uncle Feng, your spiritual power is higher than mine, so I'll leave the night shift to you. I'm young. If I don't sleep well, it will affect my growth," hei xinjiu said with a smile.

Feng Zhi: "..."

Leng Kui: "..."

Although the lifespan of cultivators on the immortal essence continent was at least a few hundred years, at most a few thousand years, Yun Chujiu was a real little girl on the Immortal Essence Continent. However, it was a bit shameless to say that it would affect their growth!

The corners of Feng Zhi and Leng Kui's eyes twitched, but they didn't say anything. They didn't want a little girl like her to be on night shift.

They thought that the night wouldn't be peaceful. They didn't expect nothing to happen. A certain jiu stretched her body and walked out of the universal tent when the sky was bright.

"Uncle Feng, brother, come and have breakfast." A certain Jiu took out a small square table and placed a sumptuous breakfast on it.

Feng Zhi was stunned. These things were much better than what they usually ate. It was probably bought by the little girl herself. As for why she hadn't taken it out before, it was probably because she was afraid of arousing the envy of others.

How could he know that a certain jiu actually felt that since there was free food from the Freelance Martial Artist Alliance, why would she waste her own things? !

After the three of them finished their breakfast, they continued to walk forward.

At noon, it was the hottest time in the extreme west desert sea. Feng Zhi and Leng Kui kept drinking water to wipe their sweat. A certain Jiu was the only one jumping around in front, feeling very uncomfortable.

Feng Zhi clicked his tongue in wonder. This little girl's physique was really special. She was actually so resistant to heat.

While Yun chujiu was jumping around happily, she noticed several pairs of deep blue eyes flickering with a cold light in the distance, and they were constantly approaching.

Yun Chujiu's heart jumped. It must be the 43rd level sand sea blood wolf.

The sand sea blood wolf was different from other demon wolves. They didn't like to move at night. Instead, they liked to hunt at noon when it was the hottest time.

This was because the sun was exploding. The prey's body lacked water and their movements were slow. It was the weakest time for them to hunt successfully.

Feng Zhi also noticed these sand sea blood wolves. His heart immediately sank. "It's the Sand Sea Blood Wolves! And there are at least dozens of them in this group. Let's run quickly!"

"Uncle Feng, where can we run to? "If we run to the left and right, how can we escape these sand sea blood wolves? "If we turn around and run, those people from the loose cultivator alliance will definitely say that we don't have good intentions. At that time, they will directly kill us."

Although Yun Chujiu said that there was no way out, the expression on her face was not the same at all. Instead, it was as if she was talking about what to eat today.

Feng Zhi was anxious and did not pay attention to this. He followed Yun Chujiu's words and said, "You are right. What should we do? Should we just wait for death here?"
