

The Yun Family's Ninth Child is an Imp! Chapter 2917

Yun chujia spread her hands. "That's all we can do! Anyway, we'll die sooner or later. Why are we wasting our energy running?!"

As he spoke, he sat on the ground and jumped up from the burning sand. "Oh my God, it's burning me to death!"

Leng Kui and Feng Zhi were speechless!

At this time, this guy was still fooling around?!

However, what she said made sense. Since they couldn't escape anyway, they might as well stay still and fight for a chance of survival.

While the two of them were thinking, they saw Yun chujia take out a large piece of white cloth from her storage ring. Then, she made eight flags out of the white cloth and placed them around the three of them. It was like a formation.

Leng Kui and Feng Zhi were baffled. What was wrong with this little girl?!

“When the wolf pack comes later, don’t talk. Leave it to me.”

Before Leng Kui and Feng Zhi could ask further, the Wolf Pack had already arrived in front of the three of them.

Dozens of pairs of deep blue eyes stared at Yun Chujiu and the other two. Saliva dripped from the corners of their mouths. However, there was hesitation in their eyes.

What kind of formation was this?

Normally, humans would turn around and run when they saw them. Why didn’t these three humans run? Was this formation very powerful? Were they waiting for them to fall into their trap?

Feng Zhi and Leng Kui’s palms were sweaty. However, when they remembered what Yun Chujiu said just now, they just stared at the wolf pack with vigilance and didn’t say anything.

Yun chujiu smiled and waved at the largest sand sea blood wolf, “Little Dog, come, come!”

Feng Zhi stumbled and almost sat on the ground. This little girl couldn’t tell if she was a wolf or a dog, right? How was she a dog? Besides, are you stupid? Why did you let her come? Did she eat you?

Leng Kui knew that Yun Chujiu was full of bad ideas, but he didn't understand what was in Yun Chujiu's gourd.

The two of them were confused, but the Wolf King was even more confused!

Recently, humans often passed by its territory, but it had never encountered such a situation. This little girl must be planning something bad. She must have set a trap, and once it walked over, it would suffer!

It was not a stupid wolf, it would not be fooled!

Therefore, the Wolf King only roared a few times, but did not move half a step forward.

When the other sand sea blood wolves saw that their leader did not dare to act rashly, they naturally did not dare to move either. For a moment, both sides were in a stalemate.

Feng Zhi and Leng Kui felt that their brains were not enough. were these sand sea blood wolves idiots? The little girl only said a few words with a smile, but they actually did not dare to move? How was this possible?

“Little Dog, I didn’t expect you to be so SMART! You are much smarter than the iron pincer blue scorpions we met before! But that’s also true. Those scorpions are just insects, how can they compare to your Wolf Clan?”Yun chujui clicked her tongue and said in surprise.

The Wolf King felt a sense of pride when it heard Yun chujui say this. That was because it was the wolf king that had experienced hundreds of battles, how could those lousy scorpions compare? Even though those broken scorpions were of a higher level than them, they did not dare to provoke them.

It saw clearly what this little girl was doing. Wasn’t this a trap commonly used by humans? Did she really think that it was a stupid wolf? HMPH! She really looked down on Wolves!

“Alright, since you guys did not fall for it, then I have nothing to say. You guys can leave. The three of us will leave this place as well. We will pretend that we have never met before.”Yun chujui waved her hand casually, she indicated that they could leave.
