

The Yun Family's Ninth Child is an Imp! Chapter 2923

After everyone had taken the oath, Yun Chujiu said with a troubled expression, "Sigh, the former Chief Zhao Zijing is dead. This so-called country can not be without a ruler for a day. There are so many of us, how can we do it without a leader? !

However, the choice of the chief is a little difficult. Do you have any good suggestions?"

Everyone really wanted to strangle this guy. They were not fools, so they naturally understood what Yun chujiu meant by asking this question, therefore, everyone quickly said sensibly, "Miss Xiao Jiu, you are resourceful and kind-hearted. You are the best candidate for the Alliance Leader."

"Yes, Miss Xiao Jiu. Other than you, no one else can be qualified for the position of the Alliance leader."

"Yes, we all agree to elect you as the leader of Our Alliance."

"..."

Hei Xinjiu waved her hand pretentiously and sighed again. "Sigh! It's really hard to decline such a kind offer. Alright, I'll reluctantly become the leader of the Alliance!"

“However, my request is a little high.” “Although we are unaffiliated cultivators, we can’t be undisciplined like a plate of loose sand. If we do that, not only will we be looked down upon by the Coalition army at the frontline, but we will also lose our lives if we make a mistake. The loss outweighs the gain.”.

Therefore, this alliance leader has made a few rules for you. The first rule is that you must abide by your words and actions. Regardless of whether what this alliance leader says is right or not, you must strictly carry it out. The second rule is that you are not allowed to act on your own. The third rule...”

The people from the unaffiliated cultivator alliance:”...”

They only wanted to give Hei Xinjiu one sentence: acting cool will get you struck by lightning! And you still can’t refuse her kindness? And it was hard to force her? Why did it look like you were prepared? Otherwise, why would there be such a rule? They must have thought of it long ago!

Leng Kui suddenly had an idea. Could it be that Yun Chujiu wanted to join the loose cultivator alliance because of the alliance leader? !

Leng Kui felt that it was impossible. This fellow was only at the sixth level of the Lingxuan realm, how could he have such confidence? The reason why he became the alliance leader was merely a coincidence.

That’s right, Leng Kui attributed all of this to a coincidence.

Because, up until now, he and Feng Zhi still didn't understand what was going on.

Those black vines were originally attacking them, but Yun Chujiu only asked them to close their eyes. After a while, those vines retreated.

Then, this bad news was brought up. She wanted to leave for a while, but when she returned, she insisted on going back. She said that she wanted to watch the show.

In the end, they saw the members of the freelance martial artist Alliance being besieged.

Leng Kui felt that these black vines, red ants, and sand sea poisonous bees must be related to Yun Chujiu, but he couldn't figure out how she did it.

Leng Kui shook his head. Although he still did not like Yun Chujiu's personality, he had to admit that this little girl had many abilities that he did not know.

In the next few days, Yun Chujiu focused on training these freelance martial artists to be strict and disciplined. If they disobeyed orders, they would be punished according to the rules of the Alliance and would not be lenient.

When they were about to leave the extreme west sand sea, these freelance martial artists had already taken Hei Xinjiu's words as an imperial edict. It was not that they approved of Yun Chujiu, but that this guy was really evil! If she disobeyed her orders, she would be punished!

Hei Xinjiu took out two masks, put one on herself, and handed one to Leng Kui.

"What do you mean? What are you trying to do this time?" Leng Kui had an ominous feeling in his heart.

Yun chujiu lowered her voice and said, "I don't want to go to the Allied army and see Other People's expressions. We are so free and easy to build our own mountain! We will reveal our identities after we have made a few meritorious deeds. When that time comes, we will shock their jaws!"
