

The Yun Family's Ninth Child is an Imp! Chapter 2926

Very quickly, Yun Chujiu and the others arrived at the camp of the Alliance army.

The people of the unaffiliated cultivator alliance naturally could not follow them to meet the leader of the Alliance Army. Yun chujiu only brought Leng Kui and Feng Zhi and followed Mountain Masster Zhuo to the Alliance Army's meeting tent.

Mountain Masster Zhuo naturally wanted to ask about the identities of Leng Kui and Feng Zhi out of courtesy. Hei Xinjiu said with a faint smile, "This is the deputy alliance leader of the unaffiliated cultivator alliance, Leng Datu. This is the money manager of the unaffiliated cultivator alliance, Feng Zhi."

The corner of Mountain Masster Zhuo's eyes twitched. Leng Datu? The name of this deputy chief was quite unique. However, his surname was also Leng. could he be the brother of this Leng Xiao Jiu?

Although Mountain Masster Zhuo was curious, he didn't ask much. The four of them entered the meeting tent.

These leaders of the Alliance Army maintained their identity and didn't go out to welcome them. They felt that the so-called unaffiliated cultivator alliance was just a bunch of motley people. Sending Mountain Masster Zhuo to welcome them was already giving the unaffiliated cultivator alliance a lot of face.

When Yun Chujiu and the others came in, everyone revealed a look of contempt. Was there no one left in the loose cultivator alliance? They actually let a little girl be the Alliance Master?

The current commander of the Alliance Army was Alliance Master Yan of the Sky Bearing Alliance. He was also very surprised when he saw Yun Chujiu. Before he could say anything, the head of the fan family snorted coldly:

“As the alliance master of the loose cultivator alliance, what is there to hide? To actually wear a mask, this is really outrageous!”

As soon as the leader of the fan family said that, although the others felt that he was a little overstepping his authority, they still somewhat agreed with him in their hearts.

The leader and deputy leader of the Freelance Martial Artist Alliance were both wearing masks on their faces. Could it be that they had some shortcomings that could not be seen?

Leng Kui’s palms immediately broke out in cold sweat. He grumbled in his heart. He had said that this would not do. Once he was exposed, how would he end up! This bad news had really made him suffer!

The corners of Yun Chujiu’s lips curled up. She then took off the mask. Immediately, she heard a series of gasps. Her petite face was filled with scars. It was simply too horrible to look at!

Yun Chujiu put on the mask again and pretended to be strong as she said, "Seniors, this is the reason why this junior is wearing the mask.

"This junior also knows that this is a little rude, but the appearance of this junior and brother is damaged because of this, so I'm afraid of scaring others, so I can avoid some unnecessary trouble."

People always sympathized with the weak, so everyone suddenly felt a little embarrassed, and some even complained about the head of the fan family. Why did he ask this question when he owed his son?
!

The head of the fan family snorted coldly and didn't say anything. The reason why he was making trouble was because he felt that it was unfair. He felt that the alliance master of the unaffiliated cultivator alliance was so young. It was really unsatisfying.

Alliance Master Yan laughed and said, "Please take a seat, everyone. Now is the time to use people. You can be said to be sending charcoal in the snow. Alliance Master Yan is young and promising. It is really admirable."

"Alliance Master Yan is too serious. As the saying goes, the rise and fall of the world is the responsibility of the man. Although we unaffiliated cultivators don't have any sects or sects, we are still a member of the Immortal Yuan continent. We should contribute to the safety of the immortal Yuan continent," a certain Jiu said pretentiously.

Leng Kui was stunned by Hei Xinjiu's pretentious act. How could this bad thing be so serious?

Alliance Master Yan and Hei Xinjiu exchanged some pleasantries and naturally got to the main topic.

“Alliance Master Yan, what are your specific plans?” Alliance Master Yan’s question was just a formality. He felt that Yun Chujiu would definitely say whatever he wanted. After all, the Alliance army was the main force now, the unaffiliated cultivator alliance was just a small force that came to seek refuge.
