

## The Yun Family's Ninth Child is an Imp! Chapter 293

The one-horned demon lizard was very disdainful. It did not even try to dodge. To it, an attack from a level four Spirit Enhancement cultivator was nothing more than a scratch!

Not only did the demon lizard not dodge, it even stuck out its long tongue toward Yun Chujiu.

Yun Chujiu waved her right hand, and a purple lightning bolt directly struck at the single-horned demon lizard's tongue.

The single-horned demon lizard was stunned!

'Was that a thunderbolt? And it was purple?!'

The single-horned demon lizard was too shocked. It was actually struck to a daze by the lightning.

In an instant, black smoke rose from its tongue.

The single-horned demon lizard cried out in pain. This time, it was completely enraged!

Due to the injury to its tongue, the single-horned demon lizard used its tough tail to attack! Its huge tail slapped at Yun Chujiu.

She struck the single-horned demon lizard's tail with another bolt of lightning! Although it did not leave a hole, it still made the single-horned demon lizard grimace in pain.

'What was going on?!'

A mere fourth level Spirit Enhanced lowlife could not only emit purple lightning, but it could also attack consecutively. Was this even human?! Could it be a great demon that had transformed?!

Although the single-horned demon lizard was shocked, it was not afraid. After all, the difference in strength was there! 'My skin is rough and my flesh is thick. Even if I am tired, I will tire this little girl to death!'

However, the single-horned demon lizard began to realize that something was wrong!

Why was its spiritual energy gradually disappearing?

The single-horned demon lizard had an ominous premonition in its heart. Its movements became slower and slower. However, the little human girl was getting more and more addicted to hacking it with thunderbolts. The single-horned demon lizard's tail was already beginning to emit black smoke from all the hacking!

"Why aren't you showing off, ugly reptile?! Why aren't you showing off? Didn't you want to eat me up? Do you think that I'm so easy to take advantage of? To tell you the truth, the first two batches of demon cores I gave you didn't have any added finesse, but I've added them to the rest!" Yun Chujiu said as she zapped it.

The first two batches of demon cores that she gave to the single-horned demon lizard were fine, but the single-horned demon lizard was very proud of teasing Yun Chujiu. It did not realize that the later batch of demon cores had been wrapped by Yun Chujiu's spirit devouring powder.

Yun Chujiu was rambling on and on just to let the medicinal effects take effect. How could this single-horned devil lizard be better than the mischievous Yun Chujiu?!

The single-horned devil lizard's mood was crumbling!

It was a Tier 8 Demonic Beast!

In this desert, it was the absolute king!

It was actually cheated by a little human girl at Level 4 of Spirit Enhancement!

It had nowhere to put its old face!

Where did this weirdo come from?!

Not only did she have the Thunder Root Spirit, but she was also full of evil tricks. She truly was a trickster!

The single-horned demon lizard only had the advantage in size now. It no longer had any desire to fight. It turned around and was about to run away.

“Hey! You ugly reptile, stop right there! You ate so many of my demon cores and now you want to run away? No way! Those are my points!” Yun Chujiu thought to herself! If she let this single-horned demon lizard go, it would be like letting a tiger return to the mountains. Once it recovered its spiritual power, how would she survive?! She had to kill it!

Seeing that Yun Chujiu was chasing after it, the single-horned demon lizard could only continue to fight with Yun Chujiu fiercely.

Although the demon lizard was huge, it had little spiritual power left. It was not a match for Yun Chujiu—this perverted child.

An hour later, the single-horned demon lizard was finally killed by Yun Chujiu.

She put the demon lizard's body into her storage ring and sat on the ground, panting heavily. This fierce battle was theoretically easy, but every step was extremely dangerous. If the single-horned demon lizard had not underestimated its opponent, she would not have had any chance of winning.

Yun Chujiu did not dare to stay any longer. After taking a short rest, she continued walking toward the east.
