

The Yun Family's Ninth Child is an Imp! Chapter 2931

After four hours, everything was finally arranged properly.

Yun chujiu sat in the meeting tent and summoned the leaders of her nine battalions. Of course, the Deputy Alliance leader of Leng Datu, Feng Zhi, an linchuan, and Shangguan Hao were also present.

Yun chujiu first said some polite words, such as welcoming an Linchuan and Shangguan Hao to help, so as to introduce them to each other.

Then, Yun Chujiu changed the topic. "The windbreak is the easiest to attack and the hardest to defend, so we must be vigilant. If any of your battalions make a mistake while on duty, Don't blame me for turning hostile!

"Of course, if any of your battalions or anyone performs well, I won't mistreat them. "We, the loose cultivator alliance, will definitely make sure that the rewards and punishments are clear. Once I find out about those bad apples that are just to make up the numbers, I won't let them off easily."

The leaders of the nine battalions repeatedly agreed, and were extremely obedient.

Yun chujiu nodded her head in satisfaction, and then instructed them to take note of some things before she let them leave first.

An Linchuan and Shangguan Hao watched from the side, and could not help but click their tongues in amazement. This Leng Xiaojie really had the skills to command her subordinates to be so obedient. How did she do it?

Just as the two of them were feeling puzzled, they heard Yun Chujiu say, "Young heroes, you arrived earlier than us. Have you ever fought head-on with the Yan Clan?"

An Linchuan straightened his back, he said confidently, "Of course! However, those B * stars of the Yan clan were cowardly and sneaky. They probably saw us sending more troops and retreated almost immediately. They couldn't get enough of us."

Yun Chujiu ignored him and turned to ask Shangguan hao, "Young hero Shangguan, what do you think of the Yan Clan?"

An Linchuan:" ..."

What did this Little Leng Jiu Mean? Was he blatantly ignoring him? Had he offended her before?

Shangguan Hao was obviously more reliable than an linchuan. He pondered for a moment and said, "Although we managed to stop the Yan clan's attack in the previous confrontation, we paid a heavy price."

“From this, it can be seen that the Yan clan’s current dodging and evading are definitely not normal. They must be plotting something. “The windbreak is the weakest point of our defense line. They are likely to use the windbreak as a breakthrough point. We must be fully prepared.”

Yun chujiu curled the corners of her lips. “What young hero Shangguan said makes sense. However, I believe that the Yan clan will not use the windbreak as a breakthrough point. On the contrary, they are likely to use the yellow mud mound as a breakthrough point. This is called doing the opposite, just to catch us off guard.”

An Linchuan could not hold it in any longer and could not help but laugh out loud. “You, are you joking? The yellow mud mound is easy to defend but hard to attack. The Yan clan will only attack from the yellow mud mound if they are stupid.

“The Yan clan has been testing us a few times recently. It is obvious that they have more troops at the windbreak. Isn’t this obvious?”

Yun chujiu glanced at an linchuan as if she was looking at an idiot. “Do you know how we lost the last time? We were just taking it for granted!”!

The Yan clan was naturally cunning. If they really wanted to attack from the windbreak, they wouldn’t have specially arranged more troops at the windbreak. They were just pretending to be lost.”

An Linchuan inexplicably felt that this feeling of being attacked until he was about to vomit blood was very familiar. Did the little girl called Little Jiu like to attack him?

Shangguan Hao felt that what Yun Chujiu said made some sense. He said in a deep voice, "Alliance Master Leng, in that case, you'd better report this idea to Alliance Master Yan as soon as possible!"

The corner of Yun Chujiu's mouth curled up. "Even if I do, he might not agree with my idea. I have a better idea."
