

## The Yun Family's Ninth Child is an Imp! Chapter 2932

"A better idea? What Idea?" Shangguan Hao asked in confusion.

"There are nine battalions in our loose cultivator alliance. I plan to leave five battalions to guard the windbreak, and the other four battalions to lie in ambush near the yellow mud mound. "Once the nightmare race attacks from the yellow mud mound, we can catch them off guard and torture them to death!"

Yun Chujiu's eyes flashed with coldness. Although she did not know any of the people who had self-detonated before, the elders of the primordial chaos sect and the murderous sect were her fellow disciples. Therefore, the overprotective ones now hated the sinister and cunning nightmare race to death.

Whether it was Shangguan Hao, an Linchuan, Leng Kui, or Feng Zhi, they all thought that Yun Chujiu had gone mad!

Only five battalions were left to guard the windbreak?

One battalion had four hundred people, while five battalions only had two thousand. Once the nightmare race attacked, they wouldn't be able to defend it.

Even Mountain Master Zhao had brought nearly three thousand people to guard this place, let alone the Alliance Army. Their spiritual power was much higher than the cultivators of the alliance.

“You’re making trouble! You’re talking nonsense! I don’t agree!” Leng Kui’s opinion of Yun Chujiu had already improved. Now that he heard it, he immediately felt that Yun chujiu was here to cause trouble!

“Vice President Leng Datu, please pay attention to your attitude. You need to calm down,” Hei Xinjiu said with a hidden meaning.

Leng Kui was so angry that he was twitching. Of course, he knew that Yun Chujiu was threatening him. If he said more, she would expose his identity.

He was different from Yun Chujiu, who was a bad person. He wanted face!

Therefore, Leng Kui could only sit by the side in anger and keep quiet.

Feng Zhi saw the situation, he advised earnestly, “Alliance chief, although the Vice Alliance chief’s attitude isn’t very good, his worries are correct. “If you only leave five battalions to guard the windbreak, if your guess is wrong and the nightmare clan rushes through the windbreak, the consequences will be unimaginable!”

An Linchuan felt that he had finally stood on the moral high ground and echoed, “That’s right, if the windbreak is lost, you will be a sinner of the immortal Yuan continent! You should give up this idea as soon as possible!”!

Sister Leng, although you have some skills in governing your military appearance, you are still lacking in strategic skills. You'd better give up. I think vice-president Leng Datu is much stronger than you!"

"Men!" Hei Xinjiu suddenly shouted.

The eight men on duty outside the meeting tent immediately walked in, "President!"

"Drag this an linchuan away. He has offended his superiors and disrespected his superiors. He will be punished with ten strokes of the military rod! After he is beaten, bring him here for me," Yun Chujiu said with a gloomy face.

An Linchuan had been successful since he was young. When had he ever received such treatment? He immediately jumped to his feet and refused to accept it!

"Leng Xiao Jiu, what right do you have to punish me? ! I am not a member of your unaffiliated Cultivator Alliance!"

Yun chujiu sneered, "Although you are not a member of our unaffiliated cultivator alliance, Alliance Master Yan has assigned you to me, so you are my subordinate.

You openly questioned my ability and tried to incite deputy alliance master Leng Datu to usurp the throne. What are your intentions? !

According to your actions, even if you were to be beaten to death, it would be a light punishment. Now that I've only beaten you ten times, it's already giving face to the primordial chaos sect! ! What are you guys still standing there for? ? ! Hurry up and drag him down? !"

An Linchuan was so angry that he was jumping up and down. Just as he was about to resist, the eight people from the unaffiliated cultivator's alliance suddenly stepped forward and restrained him. These eight people were carefully selected by Yun Chujiu. They all had high spiritual power and were obedient. Let alone having them subdue an linchuan, even if they were to subdue Alliance Master Yan, they might still do it.
