

The Yun Family's Ninth Child is an Imp! Chapter 2934

An linchuan straightened his neck and said indignantly, "You are trying to measure the heart of a gentleman with a villain's heart. Since Alliance Master Yan asked Your Freelance Martial Artist Alliance to guard this place, why would he still send someone else to guard Horse Shoe Colt? ! HMPH, I don't believe it!"

"This is not the behavior of a villain, but just in case. If I Were Alliance Master Yan, I would also do the same.

After all, the windbreak is such an important juncture, so it's natural to be cautious. "Since you don't believe me, then go and take a look now." Yun Chujiu said nonchalantly.

"Let's take a look! If there are no troops stationed at Horse Shoe Colt, are you really going to give the position of Alliance master to Vice Alliance Master Leng?" An Linchuan felt that what Leng Xiaojiu said was simply nonsense. Alliance Master Yan would never do that.

"Of course it's true. However, if there really are troops stationed at the Horseshoe Colt, What Do You Say?" Yun chujiu looked at an Linchuan with a faint smile.

An Linchuan snorted coldly. "I'll let you do whatever you want!"

..

A quarter of an hour later, an Linchuan returned with his head drooping.

Yun chujia curled the corners of her lips. "What else do you have to say now, young hero an?" "The reason why I have left five battalions of soldiers to guard the Shaofeng port is firstly because I am certain that the Yan clan will not attack from the Shaofeng port. Secondly, even if I have made a mistake in my judgment, the troops stationed at the horseshoe colt won't cause any losses."

An Linchuan's face was as red as a cooked shrimp as he said dryly, "Even if I am wrong, it's fine, right? ! If you want to be killed or flayed, do as you please."

"I don't want to argue with you. I just hope that through this matter, you'll learn a lesson. Before you speak, think before you speak, and don't speak without thinking."

An Linchuan opened his mouth, but he didn't say a word. Say What? The reason was in her hands. If he said any more, he would be asking for trouble.

Leng Kui and the others had nothing to say now. Even if they didn't say it, they couldn't help but be convinced in their hearts. This little girl could even guess the garrison troops of Horse Shoe Colt. She really had a clear mind.

Feng Zhi pondered for a moment, then, he said, "Alliance leader, although we have horseshoe colt to supplement our defense, we do not have to worry about the windbreak being broken through. "However, the yellow mud mound is nearly a hundred miles away from us. If we rush over, will the garrison of the yellow mud mound be dissatisfied?" Bai Li asked

Yun chujia smiled. "It is certain that they will be dissatisfied. If they are narrow-minded, they might even hate us. Therefore, we can not go over now. We just need to be prepared.

We'll go over when the wind blows and the grass rubs. We'll be there in less than an hour. We'll be able to make it in time."

Feng Zhi and the others only nodded in agreement and didn't say anything else. However, they had completely withdrawn their contempt in their hearts.

When the people of the unaffiliated cultivator alliance saw that their little nine union leader dared to beat up an Linchuan, a personal disciple of the primordial chaos sect, they immediately became more obedient.

If their little ninth league master said that the Moon in the sky was square, they would not have the slightest doubt.

Three days passed in a row, and everything was peaceful. The nightmare race had not made any movements.

Yun chujiu could not help but grumble. She had not seen the nightmare race with her own eyes, so her understanding of the nightmare race was limited to the surface. She did not know what was the specific difference between the so-called nightmare race and the human race.

An Linchuan, this fellow, did not know how to take a beating. He curled his lips and said, "You don't even know about the Yan clan, yet you have come to fight? You sure have guts!"

Yun chujiu glanced at him. "Since hero an understands, then explain to me!"
