

## The Yun Family's Ninth Child is an Imp! Chapter 294

Yun Chujiu's physical strength was almost exhausted. She took out a spiritual fruit given to her by Di Beiming from her storage ring. After eating it, her physical strength instantly recovered by half.

Yun Chujiu could not help but sigh. 'This fruit is really good. Next time I see the gigolo, I'll definitely ask for more! Although the gigolo is quite stingy sometimes, he seems to treat me well!'

Yun Chujiu's thoughts started to wander. 'Speaking of that, the gigolo's figure is really good. When will my body be a little more curvaceous...'

Yun Chujiu kept walking forward while her imagination ran wild. After about two hours, she finally saw green again. This time, she did not dare to act rashly. She carefully moved forward and then cheered, "Oasis! It's really an oasis this time!"

Yun Chujiu ran over.

When she got closer, it was really a small desert oasis! Yun Chujiu deliberately checked it, but there was not a single demon beast.

Yun Chujiu rolled her eyes and got an idea.

The area was probably the single-horned demon lizard's territory, so the demon beasts naturally did not dare to get close.

There were more than a hundred sand dune willow growing on this small oasis. In the middle of the willow forest was a pool of clear spring water.

The most amazing thing was that in such a hot desert, the spring water was actually cold.

Just as Yun Chujiu was about to wash her face, the strange grass in her Dantian began to become restless again, clamoring for Yun Chujiu to drink water.

Yun Chujiu was just thirsty, so she squatted down and began to drink water.

However, she never expected that after she had enough, she could not control herself anymore when she wanted to get up!

Yun Chujiu kept drinking the water in the pool. She could not even close her mouth, let alone get up!

'Bastard! Are you trying to rebel? Stop right now!'

Not only did the strange grass not stop, he even proudly twisted his body toward Yun Chujiu.

'Just you wait! The moment I leave the mystic realm, I will cut your abdomen. I must get rid of you! You evil spirit!'

The strange grass, which was of the green foxtail species, paused for a moment, then ingratiatingly formed two of the leaves into the shape of a heart.

'F\*ck! You've learned how to act cute?! It's useless! Just stop! Are you trying to stuff me to death?! If I die, you won't live either! You're courting death!'

'Obedient grass, as long as you stop, I'll immediately feed you a basin of pills, okay?'

Unfortunately, no matter how Yun Chujiu threatened and lured it, the strange grass seemed to have made up its mind. It kept controlling Yun Chujiu's body to drink the spring water in the pond.

Yun Chujiu wanted to cry, but she had no tears. If others found out that she was actually stuffed to death by the water, they would laugh their heads off!

The most shocking thing was that she was also stuffed to death by the water in the desert!

It was too weird, was it not?!

Yun Chujiu was at her wit's end. She felt like an old cow, constantly drinking the pond water.

She cursed in her heart. This pond might not look big, but there must be a spring under it. How could she finish drinking it?! She did not know what was wrong with the green foxtail in her Dantian!

Time passed and the sky gradually darkened. The temperature dropped sharply. Although Yun Chujiu lost control of her body, she still had her senses. She cursed the strange grass over ten thousand times with her spiritual sense.

Although it acted cute and shameless from time to time, its attitude was extremely firm. It was to drink, drink, drink!

Yun Chujiu could not help but think. People said that the prime minister could hold a ship in his stomach [1], but her stomach could even hold an aircraft carrier!
