

## The Yun Family's Ninth Child is an Imp! Chapter 2943

Just as the Crown Prince of the Nightmare clan was pondering, he heard Hei Xinjiu shouting beside him with a smile:

“Hey, son of a B \* Tch. Are you wondering how we knew that you were using the yellow mud mound as a breakthrough point?”

Let me tell you the truth! I can calculate and observe the stars at night. I can calculate it all at once!

“Don’t worry, there’s no mole in your team. We’re humans, how could there be a mole in the nightmare race? “There really isn’t!”

The Nightmare Race’s crown prince’s heart tightened. This wretched girl was full of schemes. The more she said there was no mole, the more it meant that there was a mole. No wonder this operation was so secretive and was even discovered by the humans. It turned out that there was a mole! “When he returns, we must investigate thoroughly!”

Although the crown prince’s spiritual power was superb, Hei Xinjiu had arranged for nearly a hundred people to gang up on him here. No matter how powerful he was, he was still not a match for her.

However, when the Crown Prince of the nightmare race discovered that something was wrong, he had already used the secret technique of the nightmare race to ask for help. Therefore, very soon, a member

of the Nightmare Race brought a nightmare beast over to rescue the Crown Prince of the nightmare race.

“Wretched girl, don’t be complacent! Our army has probably passed through the yellow mud pass by now. When the army arrives, all of you will die!”The Crown Prince of the Nightmare Race said in a flustered and exasperated manner.

Yun chujiu said exaggeratedly, “Aiyo, I’m so scared! Doesn’t your nightmare clan have a special means of communication? Then why don’t you ask How Your Army is doing?”

When the nightmare clan’s crown prince heard Yun Chujiu say this, his heart skipped a beat. He hurriedly contacted the commander of the Nightmare Clan’s army. Within his spiritual sense, the voice of the nightmare clan’s commander-in-chief’s flustered and exasperated voice was quickly transmitted over:

“Crown Prince!” “Our people had already passed through the yellow mud swamp. Just as we were about to climb up the mountain, a swarm of poisonous bees flew over from who knows where. There were also densely packed red ants on the ground, causing our people and Nightmare Beasts to fall to the ground one after another. Now, we have only attacked halfway up the mountain, Aiyo...”

A miserable cry came from the other end. It was estimated that the leading general had most likely been attacked by poisonous bees or red ants.

The Nightmare Clan Crown Prince's head buzzed. There were almost no demonic insects in the vast desert. How could there be a large swarm of poisonous bees and red ants for no reason?

Could it be related to this smelly girl in front of him?

The Nightmare clan crown prince shook his head again. Impossible, this must be a coincidence! Not to mention humans, even the nightmare clan and the demon clan alone were unable to subdue so many demonic insects.

Moreover, if they wanted the demonic insects to recognize their master, they could only subdue the eggs. So many demonic insects could not be produced in a short period of time. This darn girl was not old, so it was impossible.

Just as the nightmare race crown prince was in a state of bewilderment, a battle cry came from afar. His heart tightened. The human race must have sent reinforcements. The Tide had already turned!

The Crown Prince of the nightmare race gritted his teeth. There was still plenty of time in the future, so it was more important to preserve his strength. He waved his hand. "Retreat!"

Yun chujiu led her men and symbolically chased after them for a while. Only after they had chased the crown prince of the nightmare race and the others out of the yellow swamp did they call for a retreat.

It was only at this moment that the Allied army's reinforcements arrived.

The battle cry that the Crown Prince of the nightmare race had heard earlier was just a feint arranged by a certain jiu. This fellow did not have any delusions of actually being able to kill the Crown Prince of the nightmare race. This was only the first battle. It was just a small test of strength. Take it slow. There was no rush.

Moreover, they had few people and were weak. If they really fought, they might not be a match for the Crown Prince of the nightmare race. This time, they had only been able to win by relying on their little tricks.

Stopping when things were good. This was one of the secrets that a certain Jiu had kept for a long time.
