

## The Yun Family's Ninth Child is an Imp! Chapter 2947

"Alliance Master Leng, your unaffiliated cultivator alliance has made a great contribution this time. Can you pass on your experience to Our Alliance Army? Can you follow me to see Alliance Master Yan and tell him the details?" Mountain Master Zhuo said politely.

He had thought that this Leng Xiao Jiu was young and frivolous, but he did not expect that he really had some skills. If the unaffiliated cultivator alliance had not arrived in time, the consequences this time would have been unimaginable.

"Of course, I can also watch how Alliance Master Yan will deal with the fan father and son. TSK TSK, a super aristocratic family like the fan family actually produced two traitors, it really makes one sigh!" Hei Xinjiu never showed mercy to her enemies, moreover, the fan father and son were such spineless people, they deserved to die!

The head of the fan family cast a cold glance at Yun Chujiu, his heart filled with anger at fan Jiquan and Fan Mingchuan's stupidity, as well as hatred for Yun Chujiu's persistence.

Hei xinjiu would never swallow her anger. She immediately sneered and said,

"Head of the fan family, why are you glaring at me? It's not like I'm the one who asked your son and grandson to submit to the Yan clan! If you want to blame someone, then blame yourself for not teaching them well. It's fine if this person's spiritual power is lower, but if his quality is bad, TSK tsk, then there's really no hope!"

The head of the fan family wished he could strangle this bad news bag to death. Just as he was about to say something.., he heard Yun chujiu continue, "Head of the fan family, you should actually thank me. If I had not come in time, your sons and grandsons would have really become slaves of the Yan clan. When that time comes, what would you do?"

"Perhaps for the sake of your sons and grandsons' lives, you would have joined the Yan clan. When that time comes, how would you have the face to meet your ancestors of the fan family? ! "Therefore, I am the benefactor of your fan family. Now, not only are you not thanking me, you are even hating me. This is simply repaying kindness with enmity!"

What the hell?

'thank you?'

The head of the fan family spat out a mouthful of blood. In his heart, he hated Yun Chujiu. There was still time, and sooner or later, he would kill this brat!

However, what the head of the fan family was most worried about was how to save his son and grandson's lives. Betrayal was a huge crime, especially after fan jiquan said those words in front of everyone.

When everyone arrived at the Alliance Army's meeting tent, the sky was already beginning to brighten.

After Alliance Master Yan learned what had happened, he praised Yun chujiu and the loose cultivator alliance. He also specifically asked about the method of making gas masks, so that the alliance army could learn from him and quickly make a batch.

As for the matter of the desert poisonous wasps and the Big Red Ant, Hei Xinjiu naturally would not say that she was the one who put them there. The fellow said with a smile,

“The desert poisonous bees and the giant fire ants are the demonic insects of the immortal essence continent. They naturally have to help us. This might be the will of heaven!” Lie Yan said

No one could think of any other possibility, so they agreed with Yun Chujiu’s statement.

In the end, it was the father and son of the fan family’s turn to deal with the problem.

The head of the fan family said with tears in his eyes, “Alliance Master Yan, everyone, according to the military rules, these two evil creatures should be executed. “But everyone, on account of my face, on account of the dozens of people who died in our fan family last time, can you spare their lives?

“If they are lucky enough to survive, our fan family is willing to donate one billion high-grade spirit stones to the alliance army as military expenses. Please Show Mercy, Alliance Master Yan and Everyone!”

Yun chujju curled her lips at the side. One billion? This old thing was quite willing, but it was also true. No matter how good the money was, it was not as important as the lives of his son and grandson.

Alliance Master Yan was in a difficult position. Treason was a serious crime and should be punished. However, he could not disregard the face of the fan family head. Moreover, one billion high-grade spirit stones was not a small amount. Now was the time for the Alliance army to use money..
