

The Yun Family's Ninth Child is an Imp! Chapter 2951

For a few days in a row, there was nothing unusual about the nightmare clan.

Hei Xinjiu was really bored out of her mind, so she decided to systematically train the loose cultivator alliance's physical strength. As a result, the members of the loose cultivator alliance were all out of luck! Being trained to death by this fellow all day long, they simply felt that it was even more miserable than a trial.

Mm, but there were many people who were even more unlucky than them!

On this day, Alliance Master Yan was in the meeting tent discussing matters with mountain master Zhuo and the others. The general in charge of the Yuantou mountain pass requested to see him.

"Alliance master, I Have Something to report."

"What is it?"

"Yes, it's about the matter of the freelance martial artist alliance. They affected our defenses." The general at the Yuantou Mountain Pass had a strange expression on his face.

Alliance Master Yan was stunned. “Your Yuantou Mountain is hundreds of Li away from the baleful wind gap. How could the Freelance Martial Artist Alliance Affect You?” Bai Li asked

Before the generals at the entrance of Yuan Tou mountain could answer, another general from chicken crow mountain requested to see them. After Alliance Master Yan sent people in, the general from Chicken Crow Mountain said with a sad face,

“Alliance Master, you have to make a decision for us! The freelance martial artist alliance is too outrageous! We have no way to properly set up our defenses.”

Alliance Master Yan was stunned. They were here to complain again? Just as Alliance Master Yan was about to ask in detail, another general from Hua Ting Mountain requested to see him. As soon as he entered, he said angrily,

“Alliance master, the people from the unaffiliated cultivator alliance are too outrageous! If we don’t deal with them, we won’t be able to live a normal life.”

Immediately after that, Mai Ji Mountain, Fang Dou Mountain, Bao ta mountain... almost all the generals on the ten thousand miles of Gobi defense line came to complain to Alliance Master Yan.

Although there were more than ten people in the plaintiff, there was only one defendant, and that was the unaffiliated cultivator alliance. To be more precise, it was the alliance master of the unaffiliated cultivator alliance, Leng Xiao Jiu.

Alliance Master Yan was completely confused. What did the unaffiliated cultivator alliance do that was so infuriating? How did they offend all these generals?

The Yuantou Mountain General who came in at the beginning said with a sad face, "Alliance master, about ten days ago, the people of the unaffiliated cultivator alliance seemed to have been injected with stimulants. Before dawn, they started to run in formation.

They shouted slogans as they ran, "What unaffiliated cultivator alliance, they only specialize in killing the Nightmare Race!" "Chief Xiao Jiu, invincible in the world, there are at least a thousand people at a time, and their voices are deafening."

"That's nothing. At worst, we can just cover our ears." "But that Leng Xiao Jiu got a pole and was carried to the back of the team. Every time she reached our pass, she would accuse us of having a problem with our defenses."

At this point, the general of Yuan Tou mountain had an unnatural expression on his face. Although Leng Xiao Jiu's words were a little harsh, the problem she pointed out did make some sense.

The general of Yuan tou mountain coughed dryly twice, then, he said, "This, this is nothing. It's not that we can't be criticized. The main thing is, the main thing is that after her nonsense, my disciples also want to train with her team."

Hearing this, Alliance Master Yan was a little puzzled, “Hero Zhu, let me interject. What did that Leng Xiao Jiu say? She actually made your subordinates want to follow her team for training?”

The face of the YUANTOU mountain general twisted, “She used nothing more than goading them. She said that my subordinates couldn’t hold on at all, that their physical strength was inferior to that of the unaffiliated cultivator alliance and so on. “Besides, she’s saying this several times a day. How can my men stand it?”?

The Hua Ting mountain general said angrily, “These are all trivial matters. The most hateful thing is that this Leng Xiaojiu is always jumping around. After she climbed to the top of the mountain, she provoked the nightmare race on the opposite side. After that, she ran away. We had no choice but to fight the furious nightmare race.”
