

## The Yun Family's Ninth Child is an Imp! Chapter 2964

The Crown Prince's heart felt as if it had been pricked by something. For a moment, his heart was beating like a drum.

He attributed this to the excitement of meeting his enemy!

Finally, he could kill this Leng Xiao Jiu!

As long as he killed her, he would be able to get rid of the Nightmare Lord's worries. This Leng Xiao Jiu actually took the initiative to send herself to her death. He was really stupid!

"Hey! The farting crown prince, come over here. I have something to say to you." Hei Xinjiu stood on a small mound and waved at the nightmare Lord's crown prince.

The farting crown prince?

The Nightmare Lord's crown prince gritted his teeth in anger. He angrily commanded his nightmare Lord to walk to the end of the team.

Of course, the Nightmare Lord's attack on the Windbreaker had not stopped. This Leng Xiaojiu was just a piece of cake. He would be dealt with very quickly.

The Crown Prince of the nightmare race arrived in front of Yun Chujiu and snorted coldly. "Leng xiaojiu, you sure have guts. You actually brought your men and ran to the rear of our Nightmare Race's army. Aren't you afraid of Death?"

"I'm not stupid. Of course I'm afraid of death. A person only has one life, so of course I have to cherish it. That's why I've always cherished my life," Hei Xinjiu said with a smile.

The Crown Prince of the nightmare race snorted coldly. "Humph! Since you're afraid of death, why did you run to the back of Our Nightmare Race's Army?"

"Sigh! By the way, What's Your Name? I Can't keep calling you the arrogant crown prince, can I?"

The Crown Prince of the nightmare race was stunned. Although he had a name, it seemed that after he was born, his name was only used very rarely. For example, during sacrificial ceremonies or various ceremonies, so much so that he almost forgot his own name.

The Crown Prince of the nightmare race paused for a moment, but still said, "Ao ji."

“Ao Ji? TSK TSK, this name is too difficult to pronounce. Look at how easy it is to remember my name. Little Jiu, I can’t forget it even if I want to! Also, my deputy chief’s name is also very good. Leng Datu, TSK TSK, how down-to-earth!”

Whether it was the people from the unaffiliated cultivator alliance or the nightmare race’s army, the corners of everyone’s mouths twitched. This Leng Little Jiu’s aesthetic sense was really extraordinary.

A trace of stiffness flashed across the face of the Nightmare Race’s crown prince, and then he said coldly, “Cut the crap. If you have nothing to say, then let’s start the war!”

The Nightmare Race members behind the Nightmare Race Crown Prince:”...”

Crown Prince, are you not thinking clearly?

This Leng Xiao Jiu is a human. Why are you wasting your breath on her? Just quickly order them to kill her!

“It’s like this! That Ao Ji, we didn’t get to know each other last time. I think you’re quite pleasing to the eye, so I’m here to inform you!

“You might not know this, but we humans have already seen through your schemes, so the army will arrive soon. “At that time, your nightmare race will be surrounded and annihilated by us.

“On account of the fact that we have known each other, I will let you live. Take your men and leave immediately. Otherwise, when the army arrives, you will be dead!”Yun chujia said in a tone that said ‘I’m doing this for your own good’.

The Nightmare Race Army was instantly in an uproar. What? The humans had already known about their plan? How was this possible?

Ao Ji’s heart tightened. However, his eyes flickered a few times before he laughed coldly. “Leng Xiao Jiu, you are really cunning. Do you think that you can scare me away by making up such a lie? You are really too naive!

“If you humans know our plan, why don’t you surround us now? “You should know that now is the best time to attack from the inside and the outside. It just so happens that you are trying to surround us, so you are just scaring us.”
